\*The UA Alternative Plan is available only to employees who are insuring a domestic partner.

<sup>†</sup> The UA has 26 pay periods per year, but insurance deductions are taken only twice per month (24 pay periods). Because twice a year there are three pay periods in a month, one of those extra paydays will include a “premium holiday” when voluntary deductions are not taken out of your paycheck. In 2022 those extra paydays will occur in July and December.

## Nine-Month Employees

Employees paid over the nine-month academic year have special arrangements for benefit premium deductions. Extra (pre-collected) deductions are taken out of each Spring semester paycheck to pay for voluntary benefits coverage (medical, dental, vision, and supplemental life insurance) through the summer months when there is no paycheck.

The University applies this pre-collected money to the employee portion of the benefit premiums that are due during the summertime, in order to maintain the employee's elected coverage. The expectation is that the employee will return for the following Fall semester.

These tables identify the full monthly premium and the amount of premium that will be deducted from the Spring and Fall paychecks.
