Schedule of Benefits

How Do You Access Benefits?
You must see a Network Physician in order to obtain Benefits. Except as specifically described in this Schedule of Benefits, Benefits are not available for services provided by out-of-Network providers. This Benefit plan does not provide an out-of-Network level of Benefits. You may designate a Network pediatrician for an Enrolled Dependent child. For obstetrical or gynecological care, you may seek care directly from any Network obstetrician or gynecologist.

Benefits apply to Covered Health Care Services that are provided by a Network Physician or other Network provider.

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under Allowed Amounts as described at the end of this Schedule of Benefits.

Covered Health Care Services provided at certain Network facilities by an out-of-Network Physician, when not Emergency Health Care Services, will be reimbursed as set forth under Allowed Amounts as described at the end of this Schedule of Benefits. For these Covered Health Care Services, “certain Network facility” is limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center as described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

Ground and Air Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under Allowed Amounts as described at the end of this Schedule of Benefits.

Depending on the geographic area and the service you receive, you may have access through our Shared Savings Program to out-of-Network providers who have agreed to discount their billed charges for Covered Health Care Services. Refer to the definition of Shared Savings Program in Section 9: Defined Terms of the Certificate for details about how the Shared Savings Program applies.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this Schedule of Benefits.

If there is a conflict between this Schedule of Benefits and any summaries provided to you by the Group, this Schedule of Benefits will control.

Does Prior Authorization Apply?
We require prior authorization for certain Covered Health Care Services. Network providers are responsible for obtaining prior authorization before they provide these services to you.

We recommend that you confirm with us that all Covered Health Care Services have been prior authorized as required. Before receiving these services from a Network provider, you may want to call us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for
services they do not prior authorize as required. If prior authorization is required for a certain Covered Health Care Services, providers must use the uniform prior authorization request form approved by the Arizona Department of Insurance on or after January 1, 2023 or the request will be invalid. You can call us at the telephone number on your ID card.

**Allowed Amounts**

Allowed Amounts are the amount we determine that we will pay for Benefits.

- For Benefits for Covered Health Care Services provided by a Network provider, except for your cost sharing obligations, you are not responsible for any difference between Allowed Amounts and the amount the provider bills.
- For Covered Health Care Services that are Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians, you are not responsible,
and the out-of-Network provider may not bill you, for amounts in excess of your Co-payment, Co-insurance or deductible which is based on the Recognized Amount as defined in the Certificate.

- For Covered Health Care Services that are **non-Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described below**, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Co-payment, Co-insurance or deductible which is based on the Recognized Amount as defined in the Certificate.

- For Covered Health Care Services that are **Emergency Health Care Services provided by an out-of-Network provider**, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your applicable Co-payment, Co-insurance or deductible which is based on the Recognized Amount as defined in the Certificate.

- For Covered Health Care Services that are **Air Ambulance services provided by an out-of-Network provider**, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your applicable Co-payment, Co-insurance or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the Certificate.

Allowed Amounts are determined in accordance with our reimbursement policy guidelines or as required by law, as described in the Certificate.

**Benefits**

Allowed Amounts are based on the following:

- When Covered Health Care Services are received from a Network provider, Allowed Amounts are our contracted fee(s) with that provider.

- When Covered Health Care Services are received from an out-of-Network provider as arranged by us, including when there is no Network provider who is reasonably accessible or available to provide Covered Health Care Services, Allowed Amounts are an amount negotiated by us or an amount permitted by law. Please contact us if you are billed for amounts in excess of your applicable Co-insurance, Co-payment or any deductible. We will not pay excessive charges or amounts you are not legally obligated to pay.

When Covered Health Care Services are received from an out-of-Network provider as described below, Allowed Amounts are determined as follows:

For **non-Emergency Covered Health Care Services received at certain Network facilities from out-of-Network Physicians** when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the Public Health Service Act with respect to a visit as defined by the Secretary, the Allowed Amount is based on one of the following in the order listed below as applicable:

- The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.

- The amount determined by **Independent Dispute Resolution (IDR)**.

For the purpose of this provision, "certain Network facilities" are limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center as described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

**IMPORTANT NOTICE**: For Ancillary Services, non-Ancillary Services provided without notice and consent, and non-Ancillary Services for unforeseen or urgent medical needs that arise at the time a service is provided for which notice and consent has been satisfied, you are not responsible, and an out-
of-Network Physician may not bill you, for amounts in excess of your applicable Co-payment, Co-insurance or deductible which is based on the Recognized Amount as defined in the Certificate.

For Emergency Health Care Services provided by an out-of-Network provider, the Allowed Amount is based on one of the following in the order listed below as applicable:

- The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
- The amount determined by Independent Dispute Resolution (IDR).

**IMPORTANT NOTICE:** You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your applicable Co-payment, Co-insurance or deductible which is based on the Recognized Amount as defined in the Certificate.

For Air Ambulance transportation provided by an out-of-Network provider, the Allowed Amount is based on one of the following in the order listed below as applicable:

- The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
- The amount determined by Independent Dispute Resolution (IDR).

**IMPORTANT NOTICE:** You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your Co-payment, Co-insurance or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the Certificate.

For Emergency ground ambulance transportation provided by an out-of-Network provider, the Allowed Amount is a rate approved by the Arizona Department of Health Services.

**Provider Network**

We arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to choose your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider’s status may change. You can verify the provider’s status by calling the telephone number on your ID card. A directory of providers is available by contacting us at www.myuhc.com or the telephone number on your ID card to request a copy. If you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly by us prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through our database, our provider directory, or in our response to your request for such information (via telephone, electronic, web-based or internet-based means), you will be eligible for cost sharing (Co-payment, Co-insurance and applicable deductible) that would be no greater than if the service had been provided from a Network provider if it is determined that we incorrectly informed you that the provider was a Network provider.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Benefits. However, if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider’s contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider’s contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet
applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

**Continuity of Care**

If you are a new enrollee whose current health care provider is not a Network provider, you may request, in writing, to continue an active course of treatment with that out-of-Network provider during a transitional period after the effective date of enrollment if both of the following apply:

- You have either:
  - A life-threatening disease or condition, in which case the transitional period is not more than 30 days after the effective date of the enrollment; or
  - Entered the third trimester of Pregnancy on the effective date of the enrollment, in which case the transitional period include the delivery and care related to the delivery up to six weeks after the delivery.

- Your health care provider agrees in writing to do all of the following:
  - Accept as payment in full our Network rates that apply to similar services provided by Network providers (except for applicable Co-payment or Annual Deductible amounts).
  - Comply with our quality assurance requirements and provide us with any necessary medical information related to the care.
  - Comply with our policies and procedures including procedures relating to referrals, prior notification and claims handling.

If your health care provider is terminated by us from the provider Network (except for reasons of medical incompetence or unprofessional conduct), you may request, in writing, to continue an active course of treatment with that health care provider during a transitional period after the date the provider is no longer in the Network if both of the following apply:

- You have either:
  - A life-threatening disease or condition, in which case the transitional period is not more than 30 days after the date the provider is no longer in the Network; or
  - Entered the third trimester of Pregnancy on the date the provider is no longer in the Network, in which case the transitional period includes the delivery and any care related to the delivery up to six weeks after the delivery.

- Your health care provider agrees in writing to do all of the following:
  - Continue to accept as payment in full our Network rates that were applicable before the beginning of the transitional period (except for applicable Co-payment or Annual Deductible amounts).
  - Comply with our quality assurance requirements and provide us with any necessary medical information related to the care.
  - Comply with our policies and procedures including procedures relating to referrals, prior notification and claims handling.

Do not assume that a Network provider’s agreement includes all Covered Health Care Services. Some Network providers contract with us to provide only certain Covered Health Care Services, but not all
Covered Health Care Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for help.

**Second Medical Opinion**

A second medical opinion is a reevaluation of your condition or health care treatment by an appropriately qualified Physician or appropriately qualified health care professional. In most cases, you or your treating Physician or health care professional will request a second medical opinion without consulting us. A second medical opinion is covered under the *Physician's Office Services - Sickness and Injury Benefit*.

Please Note: The fact that an appropriately qualified Physician or health care professional gives a second medical opinion and recommends a particular treatment, diagnostic test or service does not necessarily mean that the recommended health care service is Medically Necessary or a Covered Health Care Service under the Policy. The health care service, supply or Pharmaceutical Product is only a Covered Health Care Service if it is Medically Necessary and a Covered Health Care Service under the Policy. Please see *Section 1: Covered Health Care Services* in the *Certificate of Coverage* for the Benefits available under the Policy.

**Designated Providers**

If you have a medical condition that we believe needs special services, we may direct you to a Designated Provider chosen by us. If you require certain complex Covered Health Care Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain preauthorized Covered Health Care Services from a Designated Provider outside the Service Area, we will reimburse your travel expenses.

In both cases, Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify us in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Benefits will not be paid.

**Health Care Services from Out-of-Network Providers**

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through an out-of-Network provider. If you receive a Covered Health Care Service from an out-of-Network provider as a result of an Emergency or if we refer you to an out-of-Network provider, we will reimburse you for any out-of-Network cost you incurred that would not have otherwise incurred if you had received the Covered Health Care Service from a Network provider. A Network exception does not include Benefits if you decide to go out-of-Network for Covered Health Care Services. Network exceptions must be arranged by us.

**Limitations on Selection of Providers**

If we determine that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, we may require you to select a single Network Physician to provide and coordinate all future Covered Health Care Services.

If you don't make a selection within 31 days of the date we notify you, we will select a single Network Physician for you.

If you do not use the selected Network Physician, Benefits will not be paid.

When this happens we will send you a new Certificate, Rider or Amendment. If there are material changes in any of the terms of the Policy, UnitedHealthcare will provide sixty (60) days advance notice to the Group. The Group shall be responsible for delivering the notice to you and to other persons eligible for coverage.

Other Information You Should Have
We have the right to change, interpret, withdraw or add Benefits, or to end the Policy, as permitted by law, without your approval.

On its effective date, this Certificate replaces and overrules any Certificate that we may have previously issued to you. This Certificate will in turn be overruled by any Certificate we issue to you in the future.

The Policy will take effect on the date shown in the Policy. Coverage under the Policy starts at 12:01 a.m. and ends at 12:00 midnight in the time zone of the Group's location. The Policy will remain in effect as long as the Policy Charges are paid when they are due, subject to Section 4: When Coverage Ends.

We are delivering the Policy in Arizona. The Policy is subject to the laws of the state of Arizona and ERISA, unless the Group is not a private plan sponsor subject to ERISA. To the extent that state law applies, Arizona law governs the Policy.

Your Responsibilities

Enrollment and Required Contributions
Benefits are available to you if you are enrolled for coverage under the Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in Section 3: When Coverage Begins. To be enrolled and receive Benefits, both of the following apply:

• Your enrollment must be in accordance with the requirements of the Policy issued to your Group, including the eligibility requirements.
• You must qualify as a Subscriber or a Dependent as those terms are defined in Section 9: Defined Terms.

Your Group may require you to make certain payments to them, in order for you to remain enrolled under the Policy. If you have questions about this, contact your Group.

Be Aware the Policy Does Not Pay for All Health Care Services
The Policy does not pay for all health care services. Benefits are limited to Covered Health Care Services. The Schedule of Benefits will tell you the portion you must pay for Covered Health Care Services.

Decide What Services You Should Receive
Care decisions are between you and your Physician. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician
It is your responsibility to select the health care professionals who will deliver your care. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals’ and facilities’ licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization
Some Covered Health Care Services require prior authorization. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization.

To obtain prior authorization, call the telephone number on your ID card. We are available 24 hours a day, 7 days a week. This call starts the utilization review process. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization.

For detailed information on the Covered Health Care Services that require prior authorization, please refer to the Schedule of Benefits.

Pay Your Share
You must meet any applicable deductible and pay a Co-payment and/or Co-insurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable deductible, Co-payment and Co-insurance amounts are listed in the Schedule of Benefits.

If you receive a Covered Health Care Service from an out-of-Network provider as a result of an Emergency, we will reimburse the out-of-Network provider for any out-of-Network cost you incurred that
you would not have otherwise incurred if you had received the Covered Health Care Service from a Network provider. You should not pay the out-of-Network provider directly for Emergency Health Care Services with the exception of any Co-payment and/or Co-insurance you are responsible for paying under the Policy. However, if you receive Covered Health Care Services from an out-of-Network provider for Emergency Health Care Services and you paid the out-of-Network provider directly, we will reimburse you for the Allowed Amount. If you receive a bill for Emergency Health Care Services from an out-of-Network provider, please refer to Section 5: How to File a Claim.

Pay the Cost of Excluded Services
You must pay the cost of all excluded services and items. Review Section 2: Exclusions and Limitations to become familiar with the Policy's exclusions.

Show Your ID Card
You should show your ID card every time you request health care services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered.

File Claims with Complete and Accurate Information
The Allowed Amount due to a provider will be paid directly to the provider instead of being paid to the Subscriber, except when the Subscriber paid an out-of-Network provider directly for Covered Health Care Services. If you receive a Covered Health Care Service from an out-of-Network provider as a result of an Emergency or if we refer you to an out-of-Network provider, we will reimburse the out-of-Network provider for any out-of-Network cost you incurred that you would not have otherwise incurred if you had received the Covered Health Care Service from a Network provider. See Section 5: How to File a Claim.

Use Your Prior Health Care Coverage
If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health care services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under the Policy for all other Covered Health Care Services that are not related to the condition or disability for which you have other coverage.
Our Responsibilities

Determine Benefits
We make administrative decisions regarding whether the Policy will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We have the final authority to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this Certificate, the Schedule of Benefits and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may assign this authority to other persons or entities that may provide administrative services for the Policy, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time as we determine. In order to receive Benefits, you must cooperate with those service providers.

Pay for Our Portion of the Cost of Covered Health Care Services
We pay Benefits for Covered Health Care Services as described in Section 1: Covered Health Care Services and in the Schedule of Benefits, unless the service is excluded in Section 2: Exclusions and Limitations. This means we only pay our portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by the Policy.

Pay Network Providers
It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Care Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Care Services Provided by Out-of-Network Providers
In accordance with any state prompt pay requirements, we pay Benefits after we receive your request for payment that includes all required information. See Section 5: How to File a Claim. If you receive a Covered Health Care Service from an out-of-Network provider as a result of an Emergency or if we refer you to an out-of-Network provider, we will reimburse the out-of-Network provider for any out-of-Network cost you incurred that you would not have otherwise incurred if you had received the Covered Health Care Service from a Network provider.

Review and Determine Benefits in Accordance with our Reimbursement Policies
We develop our reimbursement policy guidelines, as we determine, in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS).
- As indicated in the most recent edition of the Diagnostic and Statistical Manual of the American Psychiatric Association for the diagnosis and treatment of Mental Illnesses and alcoholism and Substance-Related and Addictive Disorders.
- As reported by generally recognized professionals or publications.
• As used for Medicare.
• As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. If you receive a Covered Health Care Service from an out-of-Network provider as a result of an Emergency or if we authorize services from an out-of-Network provider, we will reimburse the out-of-Network provider for any out-of-Network cost you incurred that you would not have otherwise incurred if you had received the Covered Health Care Service from a Network provider. You may get copies of our reimbursement policies for yourself or to share with your out-of-Network Physician or provider by contacting us at www.myuhc.com or the telephone number on your ID card.

**Offer Health Education Services to You**
We may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but we recommend that you discuss them with your Physician.

Section 3: When Coverage Begins

How Do You Enroll?
Eligible Persons must complete an enrollment form given to them by the Group. The Group will submit the completed forms to us, along with any required Premium. We will not provide Benefits for health care services that you receive before your effective date of coverage.

What If You Are Hospitalized When Your Coverage Begins?
We will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.
- You receive Covered Health Care Services in accordance with the terms of the Policy.

These Benefits will be paid subject to coordination of benefits with your prior carrier.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as reasonably possible. For plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Care Services from Network providers.

What If You Are Eligible for Medicare?
Your Benefits may be reduced if you are eligible for Medicare but do not enroll in and maintain coverage under both Medicare Part A and Part B.

Your Benefits may also be reduced if you are enrolled in a Medicare Advantage (Medicare Part C) plan but do not follow the rules of that plan. Please see How Are Benefits Paid When You Are Medicare Eligible? in Section 8: General Legal Provisions for more information about how Medicare may affect your Benefits.

Who Is Eligible for Coverage?
The Group determines who is eligible to enroll and who qualifies as a Dependent.

Eligible Person
Eligible Person usually refers to an employee or member of the Group who meets the eligibility rules. When an Eligible Person enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person, Group and Subscriber, see Section 9: Defined Terms.

Eligible Persons must live or work within the Service Area.

If both spouses are Eligible Persons of the Group, each may enroll as a Subscriber or be covered as an Enrolled Dependent of the other, but not both.

Dependent
Dependent generally refers to the Subscriber’s spouse and children. When a Dependent enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see Section 9: Defined Terms.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.
If both parents of a Dependent child are enrolled as a Subscriber, only one parent may enroll the child as a Dependent.

**When Do You Enroll and When Does Coverage Begin?**

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

**Initial Enrollment Period**

When the Group purchases coverage under the Policy from us, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date shown in the Policy. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

**Open Enrollment Period**

The Group sets the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Group. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

**New Eligible Persons**

Except as described below, coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Group. We must receive the completed enrollment form and any required Premium within 31 days of the date the new Eligible Person first becomes eligible.

Coverage for a newborn child, adopted child or a child placed for adoption begins on the date of birth, adoption, placement for adoption and will remain in effect for 31 days. If payment of additional Premium is required in order to provide coverage for the child, the Subscriber must notify us of the event and pay any additional required Premium within 31 days of the event in order to continue coverage beyond the initial 31 day period.

Coverage for any other Dependent begins on the date of the event. We must receive the completed enrollment form and any required Premium within 31 days of the event.

**Special Enrollment Period Required by Federal Law**

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period as required by Federal law.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Registering a Domestic Partner.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if any of the following are true:
• The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under Medicaid or Children's Health Insurance Program (CHIP). Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.

• The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period or the Eligible Person or Dependent is employed by an employer that offers multiple health benefit plans and the person elected a different plan during Open Enrollment; and

• Coverage under the prior plan ended because of any of the following:
  ▪ Loss of eligibility (including termination of employment, reduction in the number of hours of employment, legal separation, divorce or death).
  ▪ The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
  ▪ In the case of COBRA continuation coverage, the coverage ended.
  ▪ The Eligible Person and/or Dependent no longer resides, lives or works in an HMO service area if no other benefit option is available.
  ▪ The Eligible Person and/or Dependent loses eligibility under Medicaid or Children's Health Insurance Program (CHIP). Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage ended.

When an event takes place (for example, a marriage or determination of eligibility for state subsidy), coverage begins on the date of the event. We must receive the completed enrollment form and any required Premium within 31 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day following the day coverage under the prior plan ends. Except as otherwise noted above, coverage will begin only if we receive the completed enrollment form and any required Premium within 31 days of the date coverage under the prior plan ended.
Section 4: When Coverage Ends

General Information about When Coverage Ends
As permitted by law, we may end the Policy and/or all similar benefit plans at any time for the reasons explained in the Policy. We will provide at least sixty (60) days advance written notice to the Subscriber that coverage will terminate or nonrenew on the date we identify in the notice.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under Extended Coverage for Total Disability below.

When your coverage ends, we will still pay claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, we will not pay claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended). Please note that this does not affect coverage that is extended under Extended Coverage for Total Disability below.

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

Please note that if you are subject to the Extended Coverage for Total Disability provision later in this section, entitlement to Benefits ends as described in that section.

What Events End Your Coverage?
Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**
  Your coverage ends on the date the Policy ends, we are responsible for notifying you that your coverage has ended when it ends at the request of the Group, for the Group's failure to pay Premium, or for fraud on the part of the Group. We will provide at least sixty (60) days advance written notice to the Subscriber if the Policy is terminated or nonrenewed on the date we identify in the notice.

- **You Are No Longer Eligible**
  Your coverage ends on the date you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to Section 9: Defined Terms for definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**
  The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends on the date we receive the required notice from the Group to end your coverage, or on the date requested in the notice, if later.

- **Subscriber Retires or Is Pensioned**
  The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends the date the Subscriber is retired or receiving benefits under the Group's pension or retirement plan.

  This provision applies unless there is specific coverage classification for retired or pensioned persons in the Group's Application, and only if the Subscriber continues to meet any applicable eligibility requirements. The Group can provide you with specific information about what coverage is available for retirees.
Fraud or Intentional Misrepresentation of a Material Fact

We will provide at least sixty (60) days advance required notice to the Subscriber that coverage will end on the date we identify in the notice because the Group committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If we find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy.

Coverage for a Disabled Dependent Child

Coverage for an Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental, developmental, or physical disability.
- The Enrolled Dependent child depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of the Policy.

You must furnish us with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician we choose examine the child. We will pay for that exam.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at our expense. We will not ask for this information more than once a year. If you do not provide proof of the child’s disability and dependency within 31 days of our request as described above, coverage for that child will end.

Extended Coverage for Total Disability

Coverage when you are Totally Disabled on the date the entire Policy ends will not end automatically. We will extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The date the Total Disability ends.
- Twelve months from the date your coverage would have ended when the entire Policy ends.

Continuation of Coverage and Conversion

If your coverage ends under the Policy, you may have the right to elect continuation coverage (coverage that continues on in some form) in accordance with Arizona law.

Continuation coverage under COBRA (the federal Consolidated Omnibus Budget Reconciliation Act) is available only to Groups that are subject to the terms of COBRA. Contact your plan administrator to find out if your Group is subject to the provisions of COBRA.

If you chose continuation coverage under a prior plan which was then replaced by coverage under the Policy, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.
We are not the Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying us in a timely manner of your election of continuation coverage.

**Conversion**

If your coverage under the Policy ends for one of the reasons described below, you may apply for conversion coverage under an individual conversion policy. The right to apply for conversion coverage applies to you if you are a Subscriber or an Enrolled Dependent.

Reasons for termination:

- The Subscriber is retired or pensioned.
- You cease to be eligible as a Subscriber or Enrolled Dependent.
- Continuation coverage ends.
- The entire Policy ends and is not replaced.

Application and payment of the first Premium must be made within 31 days after coverage ends under the Policy. Conversion coverage will be issued in accordance with the terms and conditions in effect at the time of application. Coverage provided by the conversion policy will provide Benefits most similar to the coverage included under this Policy.
Section 5: How to File a Claim

How Are Covered Health Care Services from Network Providers Paid?

We pay Network providers directly for your Covered Health Care Services. If a Network provider bills you for any Covered Health Care Service, contact us. However, you are required to meet any applicable deductible and to pay any required Co-payments and Co-insurance to a Network provider.

If you receive a bill from a Network provider for non-Covered Health Care Services, you are responsible for the bill you receive directly from the Network provider. Your right to Benefits under this Policy is limited to Covered Health Care Services as described under Section 1: Covered Health Care Services and in the Schedule of Benefits. If you choose to obtain services, treatments, items or supplies from a Network provider that are not Covered Health Care Services under Section 1: Covered Health Care Services or specifically excluded in Section 2: Exclusions and Limitations, you are accepting financial responsibility for those services.

How Are Covered Health Care Services from an Out-of-Network Provider Paid?

You must obtain Covered Health Care Services from a Network provider except for Emergency Health Care Services or in cases when UnitedHealthcare refers you to an out-of-Network provider.

If you receive Emergency Health Care Services from an out-of-Network provider you should show your identification card (ID) or inform the provider that you have coverage under a UnitedHealthcare of Arizona, Inc. Policy. Generally, the out-of-Network provider will contact us to verify eligibility and coverage information.

If you receive a Covered Health Care Service from an out-of-Network provider as a result of an Emergency or if we refer you to an out-of-Network provider, we will reimburse the out-of-Network provider for any out-of-Network cost you incurred that you would not have otherwise incurred if you had received the Covered Health Care Service from a Network provider.

You should not pay the out-of-Network provider directly for Emergency Health Care Services with the exception of any Co-payment and/or Co-insurance you are responsible for paying under the Policy. However, if you receive Covered Health Care Services from an out-of-Network provider for Emergency Health Care Services and you paid the out-of-Network provider directly, we will reimburse you for the Allowed Amount. You must file the claim in a format that contains all of the information we require, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don’t provide this information to us within two years of the date of service, Benefits for that health care service will be denied or reduced, as determined by us. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Required Information

When you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber’s name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
• A diagnosis from the Physician.
• An itemized bill from your provider that includes the *Current Procedural Terminology* (CPT) codes or a description of each charge.
• The date the Injury or Sickness began.
• A statement indicating either that you are, or you are not, enrolled for coverage under any other health plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card.

When filing a claim for Outpatient Prescription Drug Benefits, your claims should be submitted to:

Optum Rx
PO Box 650629
Dallas, TX 75265-0629

**Payment of Benefits**

We will pay Benefits within 30 days after we receive your request for payment that includes all required information.

All Allowed Amounts due to a provider will be paid directly to the provider instead of being paid to the Subscriber, except when the Subscriber paid an out-of-Network provider directly as described above in "If You Receive Covered Health Care Services from an Out-of-Network Provider."

Allowed Amounts due to an out-of-Network provider for Covered Health Care Services that are subject to the *No Surprises Act of the Consolidated Appropriations Act (P.L. 116-260)* are paid directly to the provider.

Payment of Benefits under the Policy shall be in cash or in a form of other consideration that we determine to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of the amount the provider owes us, or to other plans for which we make payments.
Section 6: Questions, Complaints and Appeals

To resolve a question, complaint, or appeal, just follow these steps:

- **On our website**: You can obtain access of a copy of The Health Care Insurer Appeals Process Information Packet on our website at www.uhc.com/legal/required-state-notices/arizona.
Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan
This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is based on Arizona regulations.

When Does Coordination of Benefits Apply?
This Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one benefit Plan.

The order of benefit determination rules described in this section determine which Coverage Plan will pay as the Primary Coverage Plan. The Primary Coverage Plan that pays first without regard to the possibility that another Coverage Plan may cover some expenses. A Secondary Coverage Plan pays after the Primary Coverage Plan and may reduce the benefits it pays. This is to prevent payments from all group Coverage Plans from exceeding 100 percent of the total Allowable Expense.

Definitions
For purposes of this section, terms are defined as follows:

A. "Coverage Plan" is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Coverage Plan and there is no COB among those separate contracts.
   1. "Coverage Plan" includes: group insurance, closed panel or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; medical benefits under group contracts; and Medicare or other governmental benefits, as permitted by law.
   2. "Coverage Plan" does not include: individual or family insurance; closed panel or other individual coverage (except for group-type coverage); school accident type coverage; benefits for non-medical components of group long-term care policies, Medicare supplement policies, Medicaid policies and coverage under other governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Coverage Plan. If a Coverage Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Coverage Plan.

B. The order of benefit determination rules determine whether this Coverage Plan is a "Primary Coverage Plan" or "Secondary Coverage Plan" when compared to another Coverage Plan covering the person.

When this Coverage Plan is primary, its benefits are determined before those of any other Coverage Plan and without considering any other Coverage Plan's benefits. When this Coverage Plan is secondary, its benefits are determined after those of another Coverage Plan and may be reduced because of the Primary Care Coverage Plan's benefits.

C. "Allowable Expense" means any necessary, reasonable and customary item of expense at least a portion of which is covered under one or more of the Coverage Plans covering the person for whom claim is made or service is provided. When a Coverage Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense of service that is not covered by any of the Coverage Plans is not an Allowable Expense.
A Coverage Plan that takes Medicare or similar government benefits into consideration when determining the application of the coordination of benefits provision does not expand the definition of an allowable expense.

D. “Claim Determination Period” means a calendar year. However, it does not include any part of a year in which a person has no coverage under this Coverage Plan, or before the date this COB provision or a similar provision takes effect.

E. “Closed Panel Plan” is a Coverage Plan that provides health benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Coverage Plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

F. “Custodial Parent” means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

What Are the Rules for Determining the Order of Benefit Determination Payments?

When two or more Coverage Plans pay benefits, the rules for determining the order of payment are as follows:

A. The Primary Coverage Plan pays or provides its benefits as if the Secondary Coverage Plan or Coverage Plans did not exist.

B. A Coverage Plan that uses an order of benefit determination provision which is inconsistent with this regulation is called a non-complying plan. A Coverage Plan that complies with this provision, called a complying plan, may coordinate its benefits with a non-complying plan. If the complying plan is the primary Coverage Plan, it will pay or provide its benefits on a primary basis. If the complying plan is the Secondary Coverage Plan, it will pay or provide its benefits first as the Secondary Coverage Plan.

C. A Coverage Plan may consider the benefits paid or provided by another Coverage Plan in determining its benefits only when it is secondary to that other Coverage Plan.

D. The first of the following rules that describe which Coverage Plan pays its benefits before another Coverage Plan is the rule to use.

1. Non-Dependent or Dependent. The Coverage Plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the Coverage Plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Coverage Plan covering the person as a dependent; and primary to the Coverage Plan covering the person as other than a dependent (e.g., a retired employee); then the order of benefits between the two Coverage Plans is reversed so that the Coverage Plan covering the person as an employee, member, subscriber or retiree is secondary and the other Coverage Plan is primary.

2. Child Covered Under More Than One Coverage Plan. The order of benefits when a child is covered by more than one Coverage Plan is:

   a) The Primary Coverage Plan is the Coverage Plan of the parent whose birthday is earlier by month or day of the year if:

      (1) The parents are married;

      (2) The parents are not separated (whether or not they ever have been married); or
A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.

If both parents have the same birthday, the Coverage Plan that covered either of the parents longer is primary.

b) If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses of health care coverage and the Coverage Plan of that parent has actual knowledge of those terms, that Coverage Plan is primary. This rules applies to claim determination periods or plan years commencing after the Coverage Plan is given notice of the court decree.

c) If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:

(1) The Coverage Plan of the custodial parent
(2) The Coverage Plan of the spouse of the custodial parent
(3) The Coverage Plan of the noncustodial parent

d) If one of the Coverage Plans is used outside the state of Arizona and it determines the order of benefits based upon the gender of a parent, and if, as a result, the plans do not agree on the order of benefits, the Coverage Plan with the gender rule shall determine the order of benefits.

3. Active or inactive employee. The Coverage Plan that covers a person as an employee who is neither laid off nor retired is primary. The same would hold true if a person is a dependent of a person covered as a retiree and an employee.

If the other Coverage Plan does not have this rule, and if, as a result, the Coverage Plans do not agree on the order of benefits, this rule is ignored. Coverage provided an individual as a retired worker and as a dependent of an actively working spouse will be determined under the rule labeled D(1).

4. Longer or shorter length of coverage. The Coverage Plan that covered the person as an employee, member, subscriber or retiree longer is primary.

Effects of Benefits on this Plan

A. When this Coverage Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Coverage Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Coverage Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Coverage Plan. The Secondary Coverage Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Coverage Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Coverage Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Coverage Plan and other Coverage Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and
determining benefits payable under this Coverage Plan and other Coverage Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Coverage Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

**Payments Made**

A payment made under another Coverage Plan may include an amount that should have been paid under this Coverage Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under this Coverage Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

**Does This Plan Have the Right of Recovery?**

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services. Except in cases of fraud, we will not adjust or request adjustment of the payment of a claim more than one year after we have paid the claim.
Section 8: General Legal Provisions

What Is Your Relationship with Us?
It is important for you to understand our role with respect to the Group's Policy and how it may affect you. We help finance or administer the Group's Policy in which you are enrolled. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the Group's Policy will cover or pay for the health care that you may receive. The Policy pays for Covered Health Care Services, which are more fully described in this Certificate.
- The Policy may not pay for all treatments you or your Physician may believe are needed. If the Policy does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our Notice of Privacy Practices for details.

What Is Our Relationship with Providers and Groups?
We have agreements in place that govern the relationship between us, our Groups and Network providers, some of which are affiliated providers. Network providers enter into agreements with us to provide Covered Health Care Services to Covered Persons.

We do not provide health care services or supplies, or practice medicine. We arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials. It does not assure the quality of the services provided. We are not responsible for any act or omission of any provider.

We are not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Group's Policy. We are not responsible for fulfilling any duties or obligations of an employer with respect to the Group's Policy.

The Group is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Policy Charge to us.
- Notifying you of when the Policy ends.

When the Group purchases the Policy to provide coverage under a benefit plan governed by the Employee Retirement Income Security Act ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Group. If you have any questions about this statement or about your rights under ERISA, contact the nearest area office of the Employee Benefits Security Administration, U. S. Department of Labor.

What Is Your Relationship with Providers and Groups?
The relationship between you and any provider is that of provider and patient.

You are responsible for all of the following:
• Choosing your own provider.

• Paying, directly to your provider, any amount identified as a member responsibility, including Co-
payments, Co-insurance, any deductible and any amount that exceeds the Allowed Amount, when
applicable.

• Paying, directly to your provider, the cost of any non-Covered Health Care Service.

• Deciding if any provider treating you is right for you. This includes Network providers you choose
and providers that they refer.

• Deciding with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Group is that of employer and employee, Dependent or other
classification as defined in the Policy.

Notice

We provide written notice regarding administration of the Policy to an authorized representative of the
Group and to all affected Subscribers.

Statements by Group or Subscriber

All statements made by the Group or by a Subscriber shall, in the absence of fraud, be deemed
representations and not warranties. We will not use any statement made by the Group to void the Policy
after it has been in force for two years unless it is a fraudulent statement.

Do We Pay Incentives to Providers?

We pay Network providers through various types of contractual arrangements. Some of these
arrangements may include financial incentives to promote the delivery of health care in a cost efficient
and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

• Bonuses for performance based on factors that may include quality, member satisfaction and/or
cost-effectiveness.

• Capitation - a group of Network providers receives a monthly payment from us for each Covered
Person who selects a Network provider within the group to perform or coordinate certain health
care services. The Network providers receive this monthly payment regardless of whether the cost
of providing or arranging to provide the Covered Person's health care is less than or more than the
payment.

• Bundled payments - certain Network providers receive a bundled payment for a group of Covered
Health Care Services for a particular procedure or medical condition. The applicable Co-payment
and/or Co-insurance will be calculated based on the provider type that received the bundled
payment. The Network providers receive these bundled payments regardless of whether the cost
of providing or arranging to provide the Covered Person's health care is less than or more than the
payment. If you receive follow-up services related to a procedure where a bundled payment is
made, an additional Co-payment and/or Co-insurance may not be required if such follow-up
services are included in the bundled payment. You may receive some Covered Health Care
Services that are not considered part of the inclusive bundled payment and those Covered Health
Care Services would be subject to the applicable Co-payment and/or Co-insurance as described in the
Schedule of Benefits.

We use various payment methods to pay specific Network providers. From time to time, the payment
method may change. If you have questions about whether your Network provider's contract with us

COC23.HMO.2018.LG.AZ 58
includes any financial incentives, we encourage you to discuss those questions with your provider. You may also call us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above.

Are Incentives Available to You?
Sometimes we may offer coupons, enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs, certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, we recommend that you discuss taking part in such programs with your Physician. Contact us at www.myuhc.com or the telephone number on your ID card if you have any questions.

Do We Receive Rebates and Other Payments?
We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed onto you, they may be taken into account in determining your Co-payment and/or Co-insurance.

Who Interprets Benefits and Other Provisions under the Policy?
We have the final authority to do all of the following:

- Interpret Benefits under the Policy.
- Interpret the other terms, conditions, limitations and exclusions set out in the Policy, including this Certificate, the Schedule of Benefits and any Riders and/or Amendments.
- Make factual determinations related to the Policy and its Benefits.

We may assign this authority to other persons or entities that provide services in regard to the administration of the Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may offer Benefits for services that would otherwise not be Covered Health Care Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Who Provides Administrative Services?
We provide administrative services or, as we determine, we may arrange for various persons or entities to provide administrative services, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as we determine. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to the Policy
To the extent permitted by law, we have the right, as we determine and without your approval, to change, interpret, withdraw or add Benefits or end the Policy. We will provide the Group and all affected Subscribers with 60 days prior notice of changes to the Policy that would be effective on the anniversary date of the Policy.

Any provision of the Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is amended to conform to the minimum requirements of such statutes and regulations.
No other change may be made to the Policy unless it is made by an Amendment or Rider which has been signed by one of our officers and consistent with applicable notice requirements. All of the following conditions apply:

- Amendments and Riders to the Policy are effective upon the Group’s next anniversary date, except as otherwise permitted by law.
- No agent has the authority to change the Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Policy.

How Do We Use Information and Records?
We may use your individually identifiable health information as follows:

- To administer the Policy and pay claims.
- To identify procedures, products, or services that you may find valuable.
- As otherwise permitted or required by law.

We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our Notice of Privacy Practices.

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber’s enrollment form. We agree that such information and records will be considered confidential.

We have the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of the Policy.
- Needed for medical review or quality assessment.
- Required by law or regulation.

During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our Notice of Privacy Practices.

For complete listings of your medical records or billing statements you may contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as needed. Our designees have the same rights to this information as we have.

Do We Require Examination of Covered Persons?
In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.
Is Workers' Compensation Affected?
Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by workers’ compensation insurance.

When Do We Receive Refunds of Overpayments?
If we pay Benefits for expenses incurred on your account, you, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid or did not legally have to be paid by you.
- All or some of the payment we made exceeded the Benefits under the Policy.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy.

Important Notice - Third Party Payers
When there is a third party source of payment such as a liability insurer, a government payer, or any uninsured and/or underinsured motorist coverage, Network providers may be entitled to collect from the third parties. They may be entitled to collect any difference between the Allowed Amount that we pay and the Network providers’ customary charges, pursuant to A.R.S. 33-931. Arizona law prohibits providers from charging you more than the Co-payment and any deductible you are required to pay as described in this Certificate of Coverage.

Is There a Limitation of Action?
You cannot bring any legal action against us to recover reimbursement until 60 days after you have properly submitted a request for reimbursement as described in Section 5: How to File a Claim. In the interest of saving time and money, you are encouraged to first complete all steps in the appeal process described in Section 6: Questions, Complaints and Appeals.

If you want to bring a legal action against us you must do so within three years from the applicable date specified below or you lose any rights to bring such an action against us:

- The date of expiration of the time period in which a request for reimbursement must be submitted.
- The date we notified you of our final decision on your appeal.

What Is the Entire Policy?
The Policy, this Certificate, the Schedule of Benefits, the Group’s Application and any Riders and/or Amendments, make up the entire Policy that is issued to the Group.

  ▪ You are not a participant in a qualifying clinical trial, as described under Clinical Trials in Section 1: Covered Health Care Services; and
  ▪ You have a Sickness or condition that is likely to cause death within one year of the request for treatment.

Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or condition.

• This exclusion will not apply to drugs prescribed for the treatment of cancer if the drug has been recognized by the Food and Drug Administration as safe and effective for treatment of that specific type of cancer in one or more of the following acceptable standard medical reference compendia, or in medical literature listed below:

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. We have the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be determined by us.

We develop and maintain clinical policies that describe the *Generally Accepted Standards of Medical Practice* scientific evidence, prevailing medical standards and clinical guidelines supporting our determinations regarding specific services. These clinical policies (as developed by us and revised from time to time), are available to Covered Persons through www.myuhc.com or the telephone number on your ID card. They are also available to Physicians and other health care professionals on UHCprovider.com.

**Network** - when used to describe a provider of health care services, this means a provider that has a participation agreement in effect (either directly or indirectly) with us or with our affiliate to participate in our Network. This does not include those providers who have agreed to discount their charges for Covered Health Care Services by way of their participation in the Shared Savings Program. Our affiliates are those entities affiliated with us through common ownership or control with us or with our ultimate corporate parent, including direct and indirect subsidiaries.

A provider may enter into an agreement to provide only certain Covered Health Care Services, but not all Covered Health Care Services, or to be a Network provider for only some of our products. In this case, the provider will be a Network provider for the Covered Health Care Services and products included in the participation agreement and an out-of-Network provider for other Covered Health Care Services and products. The participation status of providers will change from time to time.

Please Note: Any podiatrist, dentist, psychologist, chiropractor, optometrist, or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that we describe a provider as a Physician does not mean that Benefits for services from that provider are available to you under the Policy.

Policy - the entire agreement issued to the Group that includes all of the following:

- Group Policy.

- Out-of-Network Emergency Health Care Services.
- Non-Emergency Covered Health Care Services received at certain Network facilities by out-of-Network Physicians, when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the Public Health Service Act. For the purpose of this provision, "certain Network facilities" are limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

The amount is based on the lesser of the qualifying payment amount as determined under applicable law, or the amount billed by the provider or facility.

The Recognized Amount for Air Ambulance services provided by an out-of-Network provider will be calculated based on the lesser of the qualifying payment amount as determined under applicable law or the amount billed by the Air Ambulance service provider.

**Note:** Covered Health Care Services that use the Recognized Amount to determine your cost sharing may be higher or lower than if cost sharing for these Covered Health Care Services were determined based upon an Allowed Amount.

**Remote Physiologic Monitoring** - the automatic collection and electronic transmission of patient physiologic data that are analyzed and used by a licensed Physician or other qualified health care professional to develop and manage a plan of treatment related to a chronic and/or acute health illness or condition. The plan of treatment will provide milestones for which progress will be tracked by one or more Remote Physiologic Monitoring devices. Remote Physiologic Monitoring must be ordered by a licensed Physician or other qualified health care professional who has examined the patient and with whom the patient has an established, documented, and ongoing relationship. Remote Physiologic Monitoring may not be used while the patient is inpatient at a Hospital or other facility. Use of multiple devices must be coordinated by one Physician.

**Residential Treatment** - treatment in a facility established and operated as required by law, which provides Mental Health Care Services or Substance-Related and Addictive Disorders Services. It must meet all of the following requirements:

Secretary - as that term is applied in the No Surprises Act of the Consolidated Appropriations Act (P.L. 116-260).

Semi-private Room - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Care Service, the difference in cost between a Semi-private Room and a private room is a Benefit only when a private room is Medically Necessary, or when a Semi-private Room is not available.

Service Area - the geographic area we serve, which has been approved by the appropriate regulatory agency. Contact us to determine the exact geographic area we serve. The Service Area may change from time to time.

Shared Savings Program - a program in which we may obtain a discount to an out-of-Network provider's billed charges. This discount is usually based on a schedule previously agreed to by the out-of-Network provider and a third party vendor. When this program applies, the out-of-Network provider's billed charges will be discounted. Co-insurance and any applicable deductible would still apply to the reduced charge. Our policy provisions or administrative practices may supersede the scheduled rate. This means, when contractually permitted, we may pay the lesser of the Shared Savings Program discount or an amount determined by us, such as:

- A percentage of the published rates allowed by the Centers for Medicare and Medicaid Services (CMS) for the same or similar service within the geographic market.
- An amount determined based on available data resources of competitive fees in that geographic area.
- A fee schedule established by a third party vendor.
- A negotiated rate with the provider.
- The median amount negotiated with Network providers for the same or similar service.

In this case, the out-of-Network provider may bill you for the difference between the billed amount and the rate determined by us. If this happens, you should call the telephone number shown on your ID card for assistance with resolving that issue. Shared Savings Program providers are not Network providers and are not credentialed by us.

**Substance-Related and Addictive Disorders Services** - services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Care Service.

**Surrogate** - a female who becomes pregnant usually by artificial insemination or transfer of a fertilized egg (embryo) for the purpose of carrying the fetus for another person.

**Total Disability or Totally Disabled** - a Subscriber's inability to perform all of the substantial and material duties of his or her regular employment or occupation; and a Dependent's inability to perform the normal activities of a person of like age and sex.

**Transitional Living** - Mental Health Care Services and Substance-Related and Addictive Disorders Services provided through facilities, group homes and supervised apartments which provide 24-hour supervision, including those defined in the *American Society of Addiction Medicine (ASAM) Criteria* and are either:
- Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. They provide stable and safe housing, an alcohol/drug-free environment and support for recovery. They may be used as an addition to ambulatory treatment when it doesn't offer the intensity and structure needed to help you with recovery.
- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments. They provide stable and safe housing and the opportunity to learn how to manage activities of daily living. They may be used as an addition to treatment when it doesn't offer the intensity and structure needed to help you with recovery.

**Unproven Service(s)** - services, including medications and devices, regardless of *U.S. Food and Drug Administration (FDA)* approval, that are not determined to be effective for treatment of the medical condition or not determined to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.
- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)
We have a process by which we compile and review clinical evidence with respect to certain health care services. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, as we determine, consider an otherwise Unproven Service to be a Covered Health Care Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or condition.

**Urgent Care Center** - a facility that provides Covered Health Care Services that are required to prevent serious deterioration of your health. These services are required as a result of an unforeseen Sickness, Injury, or the onset of sudden or severe symptoms.
When Are Benefits Available for Prescription Drug Products?
Benefits are available for Prescription Drug Products at a Network Pharmacy and are subject to Co-
payments and/or Co-insurance or other payments that vary depending on which of the tiers of the
Prescription Drug List the Prescription Drug Product is placed.
Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the
definition of a Covered Health Care Service or is prescribed to prevent conception.

Benefits for Oral Chemotherapeutic Agents
Oral chemotherapeutic agent Prescription Drug Products will be provided at a level no less favorable
than chemotherapeutic agents are provided under Pharmaceutical Products - Outpatient in your Certificate of
Coverage, regardless of tier placement.

What Happens When a Brand-name Drug Becomes Available as a
Generic?
If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the
Brand-name Prescription Drug Product may change. Therefore, your Co-payment and/or Co-insurance
may change or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

What Happens When a Biosimilar Product Becomes Available for a
Reference Product?
If a biosimilar becomes available for a reference product (a biological Prescription Drug Product), the tier
placement of the reference product may change. Therefore, your Co-payment and/or Co-insurance may
change or you will no longer have Benefits for that particular reference product.

How Do Supply Limits Apply?
Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description
and Supply Limits" column of the Benefit Information table. For a single Co-payment and/or Co-insurance,
you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed.
Supply limits are subject, from time to time, to our review and change. This may limit the amount
dispensed per Prescription Order or Refill and/or the amount dispensed per month’s supply, or may
require that a minimum amount be dispensed.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting us
at www.myuhc.com or the telephone number on your ID card.

Do Prior Authorization Requirements Apply?
Before certain Prescription Drug Products are dispensed to you, your Physician, your pharmacist or you
are required to obtain prior authorization from us or our designee. The reason for obtaining prior
authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or Unproven Service.

We may also require you to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist.

**Network Pharmacy Prior Authorization**

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for obtaining prior authorization from us.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to our review and change. There may be certain Prescription Drug Products that require you to notify us directly rather than your Physician or pharmacist. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting us at www.myuhc.com or the telephone number on your ID card.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. You may seek reimbursement from us as described in the Certificate of Coverage (Certificate) in Section 5: How to File a Claim.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Co-insurance and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or Unproven Service.

We may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements related to such programs by contacting us at www.myuhc.com or the telephone number on your ID card.

**Does Step Therapy Apply?**

Certain Prescription Drug Products for which Benefits are described under this Prescription Drug Rider are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

You may find out whether a Prescription Drug Product is subject to step therapy requirements by contacting us at www.myuhc.com or the telephone number on your ID card.

**What Do You Pay?**

You are responsible for paying the applicable Co-payment and/or Co-insurance described in the Benefit Information table. You are not responsible for paying a Co-payment and/or Co-insurance for PPACA Zero Cost Share Preventive Care Medications, including certain contraceptives and HIV PrEP medications and related services. You are not responsible for paying a Co-payment and/or Co-insurance for Prescription Drug Products on the List of Zero Cost Share Medications.
The amount you pay for any of the following under this Rider will not be included in calculating any Out-of-Pocket Limit stated in your Certificate:

- Any amount you pay for Prescription Drug Products for Infertility that exceeds the Infertility Annual Maximum Benefit.
- Certain coupons or offers from pharmaceutical manufacturers or an affiliate.
- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product. Our contracted rates (our Prescription Drug Charge) will not be available to you.

**Prescription Drug Product Cost Sharing Accumulation**

Any Co-payment, Co-insurance, or other applicable cost sharing requirement for pharmacy Benefits paid by the Covered Person or another person on behalf of the Covered Person will contribute toward the calculation of a Covered Person's Out-of-Pocket Limit and Deductible.

**Exception Process for PPACA Zero Cost Share Preventive Contraceptives and HIV PrEP Medications and Related Services**

You and your provider may request an exception for contraceptives and HIV PrEP medications and related services that are not part of the PPACA Zero Cost Share Preventive Care Medications. We may require the provider to submit clinical documentation as part of the exception request. Please call us at the telephone number on your ID card to request an exception.

Outpatient Prescription Drug Rider
UnitedHealthcare of Arizona, Inc.

This Rider to the Policy is issued to the Group and provides Benefits for Prescription Drug Products.

Because this Rider is part of a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in either the Certificate of Coverage (Certificate) in Section 9: Defined Terms or in this Rider in Section 3: Defined Terms.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare of Arizona, Inc. When we use the words "you" and "your" we are referring to people who are Covered Persons, as the term is defined in the Certificate in Section 9: Defined Terms.

NOTE: The Coordination of Benefits provision in the Certificate in Section 7: Coordination of Benefits applies to Prescription Drug Products covered through this Rider. Benefits for Prescription Drug Products will be coordinated with those of any other health plan in the same manner as Benefits for Covered Health Care Services described in the Certificate.

UnitedHealthcare of Arizona, Inc.

Heather Kane, President and CEO
Introduction

Coverage Policies and Guidelines
Our Prescription Drug List (PDL) Management Committee makes tier placement changes on our behalf. The PDL Management Committee places FDA-approved Prescription Drug Product into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include the Prescription Drug Product’s total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

We may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen quarterly, but no more than six times per calendar year. These changes may happen without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please contact us at www.myuhc.com or the telephone number on your ID card for the most up-to-date tier placement.

Identification Card (ID Card) - Network Pharmacy
You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you must pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the Certificate in Section 5: How to File a Claim. When you submit a claim on this basis, you may pay more because you did not verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Co-insurance, and any deductible that applies.

Submit your claim to:

Optum Rx
PO Box 650629
Dallas, TX 75265-0629

Designated Pharmacies
If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, no Benefit will be paid for that Prescription Drug Product.
**Smart Fill Program - Split Fill**

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 15-day supplies up to 90 days and at a pro-rated Co-payment or Co-insurance. You will receive a 15-day supply of their Specialty Prescription Drug Product to find out if you will tolerate the Specialty Prescription Drug Product prior to purchasing a full supply. The Designated Pharmacy will contact you each time prior to dispensing the 15-day supply to confirm if you are tolerating the Specialty Prescription Drug Product. You may find a list of Specialty Prescription Drug Products included in the *Smart Fill Program*, by contacting us at www.myuhc.com or the telephone number on your ID card.

**When Do We Limit Selection of Pharmacies?**
If we determine that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your choice of Network Pharmacies may be limited. If this happens, we may require you to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the chosen Network Pharmacy. If you don't make a choice within 31 days of the date we notify you, we will choose a Network Pharmacy for you.

**Rebates and Other Payments**
We may receive rebates for certain drugs included on the Prescription Drug List, including those drugs that you purchase prior to meeting any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed on to you, they may be taken into account in determining your Co-payment and/or Co-insurance.

We, and a number of our affiliated entities, conduct business with pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug Rider*. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug Rider*. We are not required to pass on to you, and do not pass on to you, such amounts.

**Coupons, Incentives and Other Communications**
At various times, we may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, as you determine, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

**Variable Co-payment Program**
Certain Specialty Prescription Drug Products are eligible for coupons or offers from pharmaceutical manufacturers or affiliates that may reduce the cost for your Prescription Drug Product. We may help you determine whether your Specialty Prescription Drug Product is eligible for this reduction. If you redeem a coupon from a pharmaceutical manufacturer or affiliate, your Co-payment and/or Co-insurance may vary based on the value of the coupon used. Pharmaceutical manufacturer or affiliates determine the value of their coupons. Please contact www.myuhc.com or the telephone number on your ID card for an available list of Specialty Prescription Drug Products. If you choose not to participate, you will pay the Co-payment or Co-insurance as described in the *Outpatient Prescription Drug Schedule of Benefits*.

**Special Programs**
We may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or taking part in health management programs. If a program provides incentives for meeting certain criteria, we will provide a
reasonable alternative standard to qualify for the incentive to any individual for whom it is unreasonably difficult due to a medical condition or medically inadvisable to meet a specified target. You may access information on these programs by contacting us at www.myuhc.com or the telephone number on your ID card.

**Maintenance Medication Program**

If you require certain Maintenance Medications, we may direct you to the mail order Network Pharmacy or Preferred 90 Day Retail Network Pharmacy to obtain those Maintenance Medications. If you choose not to obtain your Maintenance Medications from the mail order Network Pharmacy or Preferred 90 Day Retail Network Pharmacy, you may opt-out of the Maintenance Medication Program by contacting us at www.myuhc.com or the telephone number on your ID card.

**Prescription Drug Products Prescribed by a Specialist**

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit by contacting us at www.myuhc.com or the telephone number on your ID card.

**Refill Synchronization**

We have a procedure to align the refill dates of Prescription Drug Products so that drugs that are refilled at the same frequency may be refilled concurrently. You may access information on these procedures through the Internet at www.myuhc.com or by calling the telephone number on your ID card.

**Benefits for Refills for Prescription Eye Drops to Treat Glaucoma or Ocular Hypertension**

Benefits include refills of a prescription for eye drops to treat glaucoma or ocular hypertension if the following apply:

Important Notices

Women's Health and Cancer Rights Act of 1998
As required by the Women's Health and Cancer Rights Act of 1998, Benefits under the Policy are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Care Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Care Services (including Co-payments, Co-insurance and any deductible) are the same as are required for any other Covered Health Care Service. Limitations on Benefits are the same as for any other Covered Health Care Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act
Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g. your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain prior authorization. For information on prior authorization, contact your issuer.

Notice of Transition of Care
As required by the No Surprises Act of the Consolidated Appropriations Act (P.L. 116-260), group health plans must provide Benefits for transition of care. If you are currently undergoing a course of treatment with a Physician or health care facility that is out-of-Network under this new plan, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.
Claims and Appeal Notice

This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations. To the extent that state law provides you with more generous timelines or opportunities for appeal, those rights also apply to you. Please refer to your benefit documents for information about your rights under state law.

Benefit Determinations

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from us within 30 days of receipt of the claim, as long as all needed information was provided with the claim. We will notify you within this 30 day period if additional information is needed to process the claim, and may request a one-time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, and the claim is denied, we will notify you of the denial within 30 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

If you have prescription drug Benefits and are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy, and if you believe that it should have been paid under the Policy, you may submit a claim for reimbursement according to the applicable claim filing procedures. If you pay a Co-payment and believe that the amount of the Co-payment was incorrect, you also may submit a claim for reimbursement according to the applicable claim filing procedures. When you have filed a claim, your claim will be treated under the same procedures for post-service group health plan claims as described in this section.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or approval prior to receiving medical care. If you have a pre-service request for Benefits, and it was submitted properly with all needed information, we will send you written notice of the decision from us within 15 days of receipt of the request. If you filed a pre-service request for Benefits improperly, we will notify you of the improper filing and how to correct it within five days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, we will notify you of the information needed within 15 days after it was received, and may request a one-time extension not longer than 15 days and pend your request until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, we will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your request for Benefits will be denied. A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the appeal procedures.

If you have prescription drug Benefits and a retail or mail order pharmacy fails to fill a prescription that you have presented, you may file a pre-service health request for Benefits according to the applicable claim filing procedure. When you have filed a request for Benefits, your request will be treated under the same procedures for pre-service group health plan requests for Benefits as described in this section.
Urgent Requests for Benefits that Require Immediate Attention

Urgent requests for Benefits are those that require notification or a benefit determination prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health, or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. In these situations, you will receive notice of the benefit determination in writing or electronically within 72 hours after we receive all necessary information, taking into account the seriousness of your condition.

If you filed an urgent request for Benefits improperly, we will notify you of the improper filing and how to correct it within 24 hours after the urgent request was received. If additional information is needed to process the request, we will notify you of the information needed within 24 hours after the request was received. You then have 48 hours to provide the requested information.

You will be notified of a benefit determination no later than 48 hours after:

• Our receipt of the requested information.
• The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Questions or Concerns about Benefit Determinations

If you have a question or concern about a benefit determination, you may informally call us at the telephone number on your ID card before requesting a formal appeal. If the representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described above, you may appeal it as described below, without first informally contacting a representative. If you first informally contact us and later wish to request a formal appeal in writing, you should again contact us and request an appeal. If you request a formal appeal, a representative will provide you with the appropriate address.

If you are appealing an urgent claim denial, please refer to Urgent Appeals that Require Immediate Action below and contact us immediately.

How Do You Appeal a Claim Decision?

If you disagree with a pre-service request for Benefits determination or post-service claim determination or a rescission of coverage determination after following the above steps, you can contact us in writing to formally request an appeal.

Your request for an appeal should include:
• The patient’s name and the identification number from the ID card.
• The date(s) of medical service(s).
• The provider’s name.
• The reason you believe the claim should be paid.
• Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the denial of pre-service request for benefits or a claim denial.

Appeal Process
A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a healthcare professional with expertise in the field, who was not involved in the prior determination. We may consult with, or ask medical experts to take part in the appeal process. You consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information related to your claim for Benefits. If any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations
Pre-service Requests for Benefits and Post-service Claim Appeals
You will be provided written or electronic notification of the decision on your appeal as follows:

• For appeals of pre-service requests for Benefits as shown above, the first level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied request for Benefits. However, if your state requires two levels of appeal, the first level appeal will take place and you will be notified of the decision within 15 days.

  If your state requires a second level appeal, it must be submitted to us within 60 days from receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.

• For appeals of post-service claims as shown above, the first level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. However, if your state requires two levels of appeal, the first level appeal will take place and you will be notified of the decision within 30 days.

  If your state requires a second level appeal, it must be submitted to us within 60 days from the receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures related to urgent requests for Benefits, see Urgent Appeals that Require Immediate Action below.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure. The decision to obtain the proposed treatment or procedure regardless of our decision is between you and your Physician.

Urgent Appeals that Require Immediate Action
Your appeal may require urgent action if a delay in treatment could increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:
• The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
• We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
• If we need more information from your Physician to make a decision, we will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies, or surgeries.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to get copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to $156 a day (subject to adjustment based on inflation) until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for Benefits which is denied or ignored, in whole or in part, and if you have exhausted the claims procedures available to you under the plan, you may file suit in a state or Federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.
