Important Note

Introduction

This guide provides an overview to help you understand your benefits options. The State of Arizona, the Arizona State Retirement System (ASRS), the Arizona Board of Regents (ABOR), and the University of Arizona reserve the right to modify, change, revise, amend or terminate the plans at any time.

Register for Welcome & Benefits Orientation

New employee Welcome & Benefits Orientation workshops are held regularly via Zoom.

[Register for an upcoming session.](#)

For benefits questions, contact the Benefits Team:

520-621-3660 or

hrsolutions@arizona.edu

Important Note

All important university communications, including benefits information, are sent to your official university email address, automatically created as [yournetid]@arizona.edu.

Retirement Plans

Enrollment in a retirement plan is mandatory if you work 20 hours a week (.50 FTE) for 20 weeks or longer within a fiscal year.

The university has two mandatory retirement plan options*. Most eligible employees may choose either plan. You must enroll in the first 30 days of employment or new retirement eligibility.

- Arizona State Retirement System (ASRS), a defined benefit plan. If you do not elect a retirement plan, you will default into the ASRS, which cannot be changed.
- Optional Retirement Plan (ORP), a defined contribution plan.

Exclusions

Postdoctoral scholars, graduate assistants, student workers, certain ASRS retirees and FICA-exempt non-resident foreign citizens are not eligible to participate in the ASRS or ORP retirement plans. However, they may participate in voluntary supplemental retirement plans. Some employees in specific employment categories will be automatically enrolled in the ASRS plan.

*Does not apply to public safety officers.

Arizona State Retirement System Plan

The Arizona State Retirement System (ASRS) is a defined benefit plan. Your benefit is not defined by

the amount you contribute. The pension is based on a formula of credited years of service, a multiplier factor times the average monthly salary. The multiplier increases with years of service after 20 credited service years.

Key features of the ASRS-defined benefit plan include:

- ASRS contributions begin on week 27 of your employment unless you have worked at the University in the last two years or have contributed to ASRS previously and have not withdrawn your contributions. In these cases, contributions begin on your date of hire.
- Actuarial projections determine the contribution rate and may fluctuate from year to year. [Visit the ASRS Contribution Rate page.](#)
- The contributions are directed by the plan administrator, not individual participants.
- The university matches employee contributions.
- ASRS offers a [health insurance premium benefit](#) for retirees with five or more years of credited service who have health insurance through the ASRS or non-subsidized coverage through their ASRS employer.
- Employees may purchase service time for previous qualified public employment.

To Enroll in ASRS

Elect the ASRS in UAccess Employee Self-Service.

You must enroll through the ASRS website and UAccess Employee Self-Service. You must complete both steps within 30 days.

- Log in to [UAccess](#) Employee/Manager Self-Service. Make sure you are on the Employee Main Homepage. Select “University Benefits” > “Benefits Enrollment”
- Select the open event and follow the instructions.
- The U of A enrollment code is 69V00040.
- Visit the ASRS enrollment page within 30 days of your hire/eligibility date and complete the online enrollment.

After you have completed the online enrollment, ASRS will send an email requesting that you name a beneficiary on your account.

ASRS Resources

[ASRS Home Page](#)

[Member Education Meetings and Webinars Service Purchases](#)

Optional Retirement Plan

The ABOR-sponsored Optional Retirement Plan (ORP) is a defined contribution plan in which your benefit is determined by the amount accruing in your account and depends on investment performance.

Key features of the plan include:

- Your contribution rate is a fixed 7% of your annual salary, which the university matches. You are immediately vested in your contributions. You must participate in the ORP for five years or be age 65 to be fully vested in the university's contributions.
- Deductions begin on the first day of the pay period after completing your retirement plan enrollment.
- You direct how your investments are allocated across funds provided by Fidelity Investments or TIAA, the only two ABOR-approved providers.
- You may contribute to only one provider (i.e., Fidelity Investments or TIAA) at a time, but you may change the investment company once per fiscal year.
- Service purchases are not permitted.
- The ORP offers a [Phased Retirement Program](#).

To Enroll in the ORP

You must enroll through the ORP investment provider website and UAccess Employee Self-Service, or your retirement plan will automatically default to ASRS. **You must complete both steps within 30 days.**

- Log in to [UAccess](#) Employee/Manager Self-Service. Make sure you are on the Employee Main Homepage. Select “University Benefits” > “Benefits Enrollment”
- Select the open event and follow the instructions.
- [Fidelity Investments](#): Use access code Plan Number 67444.
- [TIAA](#): Click on “Ready to Enroll” and use access code AZQ192.
- Select an ORP investment provider. Visit that provider’s website to open an ORP account.

Meet with a Provider

Schedule complimentary, virtual or on-campus appointments with either ABOR-approved investment provider.

Learn:

- About your retirement plan options.
- The best investment mix and strategy to meet your retirement goals.
- How to balance your spending priorities to save more.

To connect with Fidelity Investments or TIAA, please visit our [Vendors Contacts page](#) for the most up-to-date information.

Appointments are also available with CAPTRUST advisors and ComPsych financial specialists. [Visit the Financial Wellness page.](#)

The university does not endorse outside financial advisers. Messages received from non-approved financial advisers or investment providers are never university-generated.

COMPARISON OF ASRS AND ORP PLANS

Plan Feature	Optional Retirement Plan (ORP)	AZ State Retirement System (ASRS)
Plan Type	Defined contribution plan qualified under Internal Revenue Code 401(a)	Defined benefit plan qualified under Internal Revenue Code 401(a)
Contribution Amount	You and the university each contribute 7% of gross earnings on a pretax basis, up to the maximum amount the IRS allows per year.	You and the university each contribute a percentage of earnings on a pretax basis as set by actuarial projections. This percentage can vary from year to year, but is currently 12.12%. Check the ASRS website for updated contribution percentages.
Control of the Investments	You select the investment company— Fidelity Investments or TIAA—and determine the investment allocations.	ASRS controls and monitors investments.
Retirement Benefits	Your retirement benefit is based on the performance of the investments you select. The ultimate account balance results from the amount of contributions invested into your account and the performance of your chosen investments.	Your retirement benefit is determined by the following formula determines your retirement benefit: Total Credited Service x A Graded Multiplier (a percentage set by statute based on total years of service at retirement) x Average Monthly Compensation.
Vesting	You are immediately vested in your contributions. You must participate in the ORP for five years or be age 65 to be fully vested in the university's contributions. You may be immediately vested in the university's contributions if you have an active contract (monies invested) in a qualified defined benefit or defined contribution retirement program with a college, university, higher education organization or research organization. Contact HR if you believe you should be immediately vested in the university's contributions.	Vesting applies if you terminate your ASRS membership. If you choose to withdraw your account balance, you are always fully vested in your contributions. For ASRS members on or after July 1, 2011, you forfeit the university's contributions if you withdraw the account balance upon termination of employment. This does not apply if you are terminated due to a reduction in force or position elimination, in which case an ASRS vesting schedule will apply.
Health Benefits Upon Retirement	Upon retirement, health and dental benefit plans are available through the ADOA or the ASRS. There is no health insurance premium subsidy upon retirement.	Upon retirement, health and dental benefit plans are available through the ADOA or the ASRS. A retiree health insurance premium subsidy is available if you have at least five years of credited service in the ASRS plan. The premium subsidy amount is based on your years of service.

COMPARISON OF ASRS AND ORP PLANS (cont.)

Plan Feature	Optional Retirement Plan (ORP)	AZ State Retirement System (ASRS)
Loans	No loans are available.	No loans are available.
Long-Term Disability (LTD)	<p>LTD coverage is required as part of ORP participation. The university pays the premium cost.</p> <p>Maximum benefit: \$10,000/month.</p> <p>Provider: MetLife</p>	<p>LTD coverage is required and will begin with your ASRS membership. You and the university each contribute 0.15% of your salary.</p> <p>Maximum benefit: None</p> <p>Provider: Broadspire</p>
Purchase of Service Credits	Service credit purchases are not available.	You may be eligible to buy service credit for certain forfeited or non-eligible years of service. Contact ASRS for additional information.
Retirement Age	<p>Normal retirement: Age 65</p> <p>Phased Retirement</p> <ul style="list-style-type: none"> • Age 62 (minimum) • Fully vested • Enter a written agreement with the university • Allows for reduced work hours • The phased retirement period can be no longer than three years 	<p>For ASRS members on or after July 1, 2011:</p> <p>Normal Retirement</p> <ul style="list-style-type: none"> • Age 55 with 30 years of credited service; or • Age 60 with 25 years of credited service; or • Age 62 with 10 years of credited service; or • Age 65 <p>Early Retirement</p> <p>At least age 50 with five years of credited service qualifies for reduced retirement benefits. For ASRS members before 2011, contact ASRS for more information.</p>

COMPARISON OF ASRS AND ORP PLANS *(cont.)*

Plan Feature	Optional Retirement Plan (ORP)	AZ State Retirement System (ASRS)
Distribution Options at Retirement	<ul style="list-style-type: none"> • Full or partial cash withdrawal • Systematic withdrawal • Interest-only payments • Minimum distribution payments • Lifetime annuity option • Life expectancy option 	The ASRS offers annuity options that may provide a monthly benefit for life and non-annuity options.
Distribution Options at Separation from Employment	<p>Separation from all Arizona University System employers:</p> <ul style="list-style-type: none"> • Withdraw all or some of your vested funds • Roll over your account to an IRA or another qualified retirement account or • Leave the retirement account invested for a future benefit 	<p>From all ASRS employers:</p> <ul style="list-style-type: none"> • Obtain a refund of the vested portion of your account • Roll over pretax contributions to an IRA or another qualified retirement account or • Leave retirement account invested with ASRS in an inactive membership status for a future benefit
Return to Work After Retirement	<p>A return to work arrangement cannot be made before retiring.</p> <p>If returning to work within the Arizona University System, you cannot take distributions once you are an active employee.</p>	You cannot work more than 19 hours per week for any state employer for 12 months after starting distributions.

Supplemental Voluntary Retirement Plans

All university employees can participate in the Voluntary 403(b) Plan and the 457(b) Deferred Compensation Plan. Both plans are designed to help you save for retirement, and both offer the option of traditional pre-tax contributions or post-tax Roth contributions through payroll deduction. The university does not make contributions toward these plans.

Voluntary 403(b) Plan

The Voluntary 403(b) Plan offered by ABOR allows you to invest with Fidelity Investments or TIAA. Contributions to the Voluntary 403(b) Plan can be deducted on a pre-tax or after-tax basis [Roth 403(b)].

- You are encouraged to consult your tax adviser or representative from Fidelity Investments or TIAA to determine which option is best for you.
- You can contribute a minimum of \$5/pay period up to the annual IRS dollar limit. To learn more, visit the [IRS 403\(b\) Contribution Limits](#) page.
- You may transfer money from a previous employer's retirement plan to the Voluntary 403(b) Plan and consolidate accounts with other investment providers.
- [The Voluntary 403\(b\) Plan Guide](#) provides fund choices and more detailed information.

The university does not endorse outside financial advisers. Fidelity Investments and TIAA are the only ABOR-approved investment providers for the Voluntary 403(b) Plan.

Messages received from non-approved financial advisors or investment providers are never university generated.

457(b) Deferred Compensation Plan

The 457(b) Deferred Compensation Plan is available Nationwide and administered by the State of Arizona. This plan allows you to defer a pre- or post-tax (Roth) portion of your earnings into a supplemental retirement account.

Unlike other retirement plans, with a 457(b) Deferred Compensation Plan, you generally do not have to pay a penalty for retiring early or beginning to take income from the plan before you turn 59 and six months old.

The investment options for 403(b) and 457(b) differ. You should discuss your retirement savings strategy with your financial or tax adviser.

Contribution Options: You can contribute a minimum of \$10/pay period up to the annual IRS dollar limit. To learn more, visit the [457\(b\) Contribution Limits](#) page.

If you have questions, contact [Nationwide](#) to enroll or make changes.

Enrollment for 403(b) and 457(b)

You may select a combination of Fidelity and TIAA funds. To enroll in either, go through [Fidelity's NetBenefits site](#), which provides recordkeeping services. If you choose any TIAA funds, you will be automatically directed to TIAA's enrollment page once you complete the enrollment wizard.

Review the [How to Open a Voluntary 403\(b\) Retirement Account](#) for step-by-step enrollment instructions. Contact the appropriate retirement adviser below for assistance with opening a 403(b) account and selecting your investments.

[Fidelity Investments 403\(b\) plan](#)

To connect with Fidelity Investments or TIAA, please visit our [Vendors Contacts page](#) for the most up-to-date information.

Benefits Eligibility & Enrollment

FULL-BENEFITS ELIGIBLE

Employees regularly scheduled to work 20 hours or more per week for six months or longer are eligible for full benefits for themselves, their spouse or domestic partner, and their dependents.

LIMITED-BENEFITS ELIGIBLE

Employees regularly scheduled to work 20 hours or more for at least 90 days, but less than six months are eligible for limited benefits, including medical, dental, vision, life, and short-term disability insurance, dependent life insurance, and flexible spending accounts. Employees with limited benefits do not accrue vacation or sick leave and are not eligible for Qualified Tuition Reduction (QTR).

Dependent Coverage

Dependents are defined as:

- Your spouse or domestic partner
- Your own or your domestic partner's natural, adopted, or stepchildren who are under the age of 26 or became disabled before the age of 19
- Children placed in your or your domestic partner's guardianship pending adoption
- Your or your domestic partner's foster children under the age of 26
- Children under the age of 26 for whom you or your domestic partner have court-ordered guardianship

DIFFERENT LAST NAMES

If you are enrolling a dependent with a different last name, you must provide supporting documentation, such as a marriage license for a spouse or a birth certificate/court order for a dependent child.

DOMESTIC PARTNER/CHILD OF DOMESTIC PARTNER

If you are enrolling a domestic partner or your domestic partner's child(ren), you must complete additional forms verifying eligibility and tax-qualified status.

- [Qualified Domestic Partner Affidavit](#)
- [Child of Domestic Partner Declaration of Tax Status Form](#)

DISABLED CHILD

If your dependent child is disabled, you must apply for continuation of dependent status within 31 days of the child turning 19. You must verify that your dependent child has a qualifying permanent disability that occurred before age 19, per 42 U.S.C 1382c.

How to Enroll in Benefits

Effective Date of Coverage for Benefits

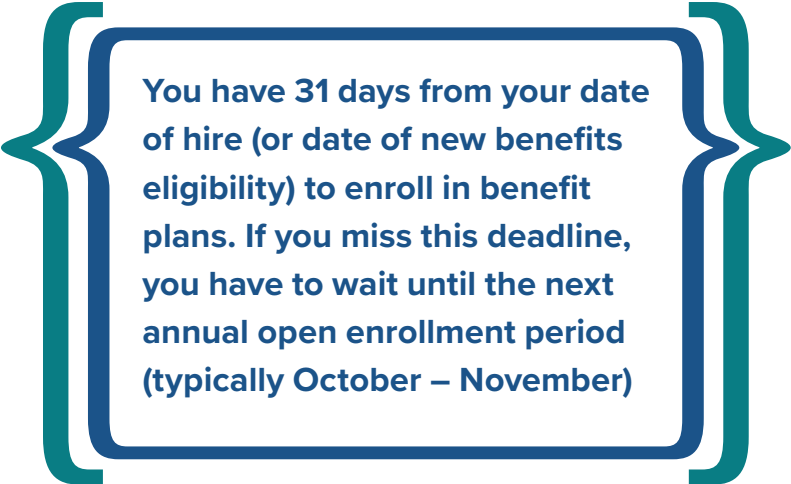

Your benefits are effective the first day of the pay period following your submitted enrollment. [Visit the Financial Services website for payroll calendars.](#)

Enrollment is completed in UAccess Employee. To enroll, follow these [Benefits Enrollment Instructions](#).

Employees must complete their retirement enrollment first. The benefits enrollment becomes available 24 hours later.

After you complete your enrollment, a confirmation statement pops up. Click OK to have a copy emailed to you. You may also view your benefit elections in UAccess Employee Self-Service.

On the Employee Main Home Page, select "University Benefits." You may have to choose an effective date for the future.

You have 31 days from your date of hire (or date of new benefits eligibility) to enroll in benefit plans. If you miss this deadline, you have to wait until the next annual open enrollment period (typically October – November)

ID Cards

ID cards for your medical, dental and vision plans arrive separately and are mailed directly from the vendor to your mailing address. They should arrive 10-14 business days after your benefits become effective. Contact your vendors if you are still waiting to receive your cards or need replacement cards. Many insurance company websites allow you to print temporary ID cards.

[Benefits Vendor Contact Information](#)

Alternate ID

Your Alternate ID is a 9-digit number used instead of your Social Security number to identify you for state-sponsored insurance purposes. Therefore, you must provide this number on any insurance information or claim forms requesting your Social Security number. Claims using your Social Security number will be denied. Your alternate ID is different from your Employee ID.

To find your Alternate ID in UAccess

From the Employee Main Homepage, select "University Benefits." Your Alternate ID is at the top of the page.

A Note about Agency Transfers

If you transfer to the university from a benefits-eligible position at any other state agency (including other universities in the Arizona University System) with a break in service of less than 31 days, your benefit elections from your previous job may remain in effect. You can transfer your sick leave balance to your new university position. If you are transferring from another state agency, please contact Human Resources at 520-621-3660 or hrrsolutions@arizona.edu within 30 days of your hire date.

Changing Your Benefits

The annual open enrollment period usually occurs in mid-October to mid-November, during which you may add, drop or change your benefits. Changes made during open enrollment become effective on Jan. 1 of the following year. Outside of open enrollment, you may change your benefit elections only if you experience a [Qualified Life Event \(QLE\)](#).

Examples of QLEs include, but are not limited to:

- Changes in your marital/domestic partnership status such as marriage, divorce, legal separation, annulment, establishment or dissolution of domestic partnership, or death of your spouse.
- Changes in your family composition such as birth, adoption, placement for foster care or adoption, or death of a child.
- Changes in employment status that affect benefits eligibility, such as losing or gaining coverage for you or your dependents.

When Coverage will begin with a Qualified Life Event:

- Benefits changes due to birth, adoption, or placement for adoption are retroactive to the event date.
- Benefits changes due to divorce, annulment, legal separation or dissolution of domestic partnership are retroactive to the event date.

The effective date for other QLEs is the first day of the pay period after submitting a completed QLE change form to Human Resources.

QLE DEADLINE:

You must submit a completed [Qualified Life Event form](#) to the [Human Resources Secure Document Upload page](#)

within 31 calendar days of the event and include documentation supporting the event.

Whenever you submit a Qualified Life Event form, it's a good time to review your chosen beneficiary on your retirement and life insurance accounts. A named beneficiary will override whoever you designate in your will. So make sure your money goes where you want it to. [Learn more about beneficiaries.](#)

Medical Insurance Plans

The Arizona Department of Administration (ADOA) options are available to any employee who is not enrolling a domestic partner.

The university pays the majority share of the premium cost for all medical insurance plans.

If you are enrolling a domestic partner or their children, please review the University Alternative Medical Plan for Employees with Domestic Partners.

Arizona Department of Administration Benefits Options Medical Plans

Employees can choose between the Triple Choice Plan (TCP) or the High-Deductible Health Plan (HDHP) with a Health Savings Account (HSA) through Blue Cross Blue Shield or UnitedHealthcare. Both plans provide nationwide coverage. However, if you choose the TCP and live outside of Arizona, UHC would be the only option if you want tier one providers, as Blue Cross Blue Shield does not have tier 1 providers outside of Arizona. Tier 1 providers offer the lowest cost options.

Your covered services and premiums are the same regardless of your selected network. The roster of participating physicians and medical facilities may differ between plans. Your medical enrollment automatically includes prescription drug coverage through [MedImpact](#).

Brief summaries of the TCP and HDHP options follow. For detailed coverage information, including the Summaries of Benefits and Coverage and official plan documents, visit the [ADOA Benefit Services Division website](#).

Triple Choice Plan

The Triple Choice Plan allows you to pay one premium but have access to medical providers across three tiers. Each tier has a different deductible (what you pay before the insurance starts covering you) and out-of-pocket maximum (the amount after which you no longer have a copay or coinsurance). The Tier 1 and Tier 2 deductibles and out-of-pocket maximums cross-apply. Tier 3 providers are considered out of network providers.

Summary of Benefits and Coverage: [English](#) | [Español](#)

TCP PLAN COSTS			
	Tier 1	Tier 2	Tier 3
Deductible	\$200 individual \$400 family	\$1,000 individual \$2,000 family	\$5,000 individual \$10,000 family
Out-of-pocket maximum	\$7,350 individual \$14,700 family	\$7,350 individual \$14,700 family	\$8,700 individual \$17,400 family
	Copay	Copay	Coinsurance
Routine preventive health care	\$0	\$0	50%
Office Visits			
Primary care physician (PCP)	\$20	\$20	50%
Telehealth	\$20 (\$49 until deductible met)	\$20 (\$49 until deductible met)	
Outpatient mental health provider	\$20	\$20	
OB/GYN	\$20		
Chiropractor	\$40		
Therapist (occupational, physical, respiratory, speech)	\$40	\$40	
Other specialist	\$40		
Hospital and Outpatient Services			
Urgent Care	\$75	\$75	50%
Emergency room	\$200	\$200	\$200
Radiology (CAT, MRI, PET)	\$100	\$100	50%
Outpatient surgery	\$100	\$100	
Inpatient hospital admission (not applicable for maternity)	\$250	\$250	

High-Deductible Health Plan with HSA

The HDHP is paired with a Health Savings Account with Optum Bank. You can use the HSA to pay for qualifying medical, dental and vision expenses for you and your eligible dependents.

In-network preventive services are covered at no cost under the HDHP (e.g., physicals and immunizations). For all non-preventive services, you must first meet a deductible (\$1,650 individual or \$3,300 for all other tiers) before services are covered. Once the deductible is met, you have co-insurance (10%) for non-preventive services until the out-of-pocket maximum (\$3,500 individual or \$7,000 for all other tiers) is met. You receive an Optum debit card that you may use to pay for qualified out-of-pocket expenses.

If you use an out-of-network provider, your co-insurance is 50%, and you have a separate annual deductible (\$5,000 individual/\$10,000 family) and out-of-pocket maximum (\$8,700 individual/\$17,400 family).

HEALTH SAVINGS ACCOUNT

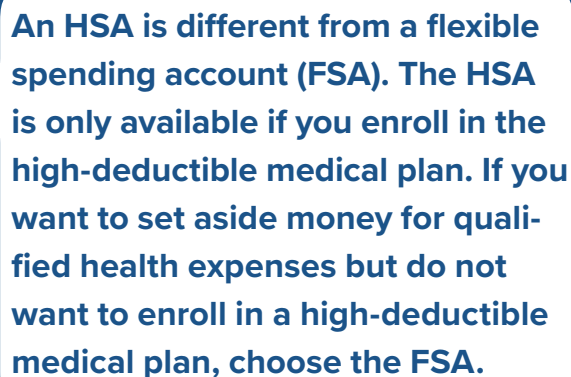

The university contributes to the HSA for you each pay period (\$30 for an individual or \$60 for a family). You may use those contributions to pay for qualified out-of-pocket expenses such as your deductible or coinsurance.

You may also elect to make additional HSA contributions through pre-tax payroll deductions.

The maximum amount you can contribute is adjusted annually by the IRS and depends on whether you are older or younger than 55.

The contribution limits are on the

[HSA Voluntary Contribution Designation Form](#). You can update your HSA Voluntary Contribution amount anytime during the year.

An HSA is different from a flexible spending account (FSA). The HSA is only available if you enroll in the high-deductible medical plan. If you want to set aside money for qualified health expenses but do not want to enroll in a high-deductible medical plan, choose the FSA.

There are some restrictions on who may contribute to an HSA to pay for medical expenses (in particular, you must not be on Medicare or Tricare). Please review [Internal Revenue Service Publication 969](#) and visit the [ADOA Health Savings Account page](#) for more information.

Summary of Benefits and Coverage: [English](#) | [Español](#)

The university has 26 pay periods, but deductions are only taken from 24 paychecks. Wherever there are three pay periods in a month the third is a “premium holiday.”

ADOA MEDICAL PREMIUMS		
TCP Plan	Employee Premium (per paycheck)	Employer Premium (per paycheck)
Employee Only	\$28.36	\$401.40
Employee + Adult	\$77.45	\$826.62
Employee + Child	\$62.08	\$537.62
Family	\$131.75	\$935.99
HDHP Plan with HSA	Employee Premium (per paycheck)	Employer Premium (per paycheck)
Employee Only	\$11	\$271.05
Employee + Adult	\$33	\$561.77
Employee + Child	\$28.05	\$367.23
Family	\$61.05	\$625.89

Provider Search

Use the provider search feature to determine whether your healthcare provider is in-network.

PLAN OPTIONS	
Blue Cross Blue Shield of Arizona	UnitedHealthcare
Visit AZblue.com/stateofAZ Open the “Find a Doctor” tab. Select the appropriate plan.	Visit whyuhc.com/stateofaz . Open the “Providers” tab. Select the appropriate plan.

TRIPLE CHOICE PLAN	
Triple Choice Plan	
 <p>In the Blue Cross Blue Shield provider directory, look for providers with a star in a blue-outline TIER 1 ribbon to find the lowest-cost providers. Providers listed without a ribbon are Tier 2. No record found search result means that the provider is tier 3 or out-of-network.</p>	 <p>In the UnitedHealthcare provider directory, look for providers with a blue dot labeled TIER 1 to find the lowest-cost providers. Providers with a green check mark are Tier 2. No record found search result means that the provider is tier 3 or out-of-network.</p>

HDHP with HSA Option	
 <p>In the Blue Cross Blue Shield provider directory, look for providers labeled "Total Care."</p>	 <p>In the UnitedHealthcare provider directory, look for providers labeled with two hearts and "Premium Care."</p>

Preventive Health Screenings

Preventive health screenings help detect problems early on, when they may be easier to treat. Screenings can also help determine the most effective treatments and prevent certain diseases. The university offers multiple on-site health screenings to help you prevent or mitigate disease, including mini-health screenings, mammograms, prostate exams and flu shots.

[View schedule of upcoming preventative health screenings](#)

[Upcoming Flu Shots \(Sept/Oct Only\)](#)

\$\$ Rewards for Healthy Habits - Health Impact Program (HIP)

ADOA's award-winning, incentive-based wellness program promotes and supports health and well-being by encouraging participation in various challenges, preventive health activities, and screenings. Employee participants earn points by engaging in healthy activities and tracking them through the Personify Health app (formally Virgin Pulse) or web portal. Four bonus levels are available: \$25 for 25,000 points, \$75 for 35,000 points, and \$100 for 50,000 points. Hit every level, and you could earn up to \$200 for the year. Visit the [Health Impact Program page](#).

Prescription Coverage

Pharmacy benefits are included with your medical enrollment through the MedImpact network. To be reimbursed, prescriptions must be filled at a network pharmacy or through the mail-order service. **The pharmacy plan has a three-tier formulary.** Mail-order and Choice90 programs offer some cost savings over a 30-day supply if you require medication on an ongoing basis. With mail orders, a 90-day supply requires two copays.

With the Choice90 program, you can obtain a 90-day supply at a retail pharmacy for two and a half copays. To find an in-network pharmacy and view the medications on the formulary, visit the [MedImpact ADOA website](#).

PHARMACY COPAYS*			
Quantity	Tier 1: Generic	Tier 2: Preferred Brand Name	Tier 3: Non-Preferred Brand Name
Retail 30 days	\$15	\$40	\$60
Retail 90 days	\$37.50	\$100	\$150
Mail-order 90 days	\$30	\$80	\$120

*HDHP members pay full cost of medications until combined medical/pharmacy deductible is met.

HEALTH INSURANCE CONTACTS

Important Remember to use your Alternate ID number (not SSN) when contacting medical, dental, vision and flexible spending account carriers.

ADOA Dental Plans Comparison

Here are brief descriptions of the two plan options. Please visit the [State Dental and Vision Plans](#) page for detailed coverage information.

UnitedHealthcare—Prepaid/DHMO (Solstice) Plan

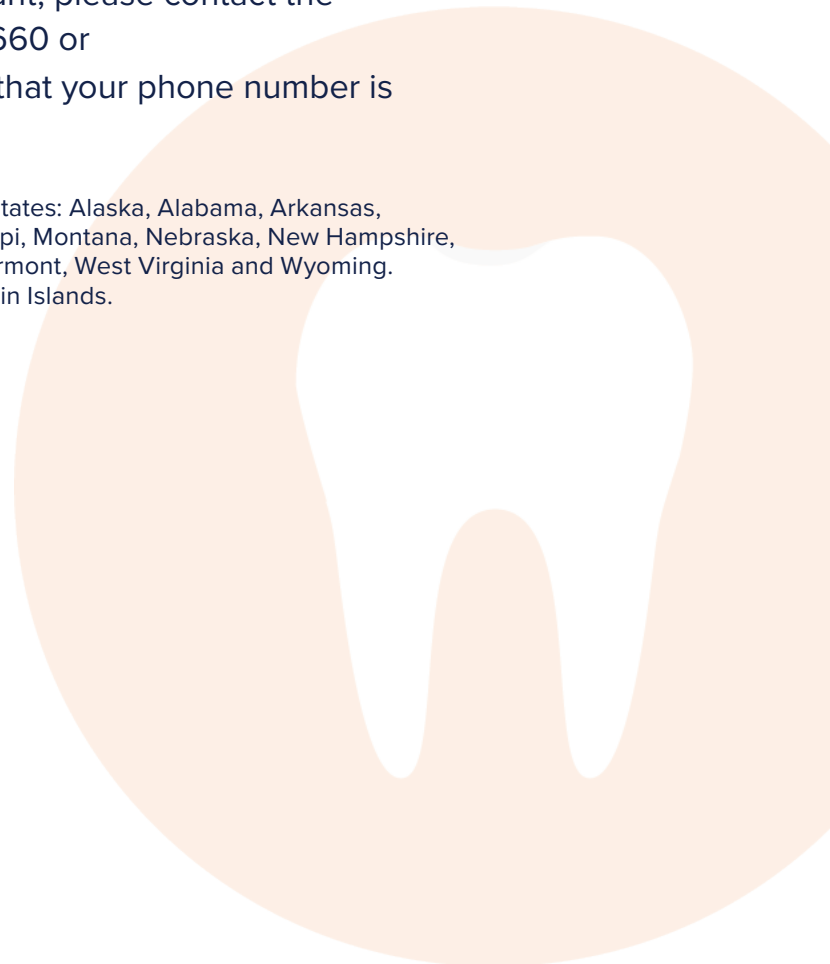

You must select a participating general dentist to provide and coordinate your dental care. Each family member may choose a different general dentist.

- There are no annual deductibles or annual/lifetime maximums.
- There are no waiting periods or preexisting condition exclusions.
- Specific copayments apply for services.
- Provides coverage for in-network dentists only

You can find a participating dentist on the [UnitedHealthcare DHMO Solstice website](#). On the microsite, look up providers using the "Find A Provider" button at the top right of the page. Choose S800B in the "Plan" dropdown.

When setting up a mysmile365 portal account, please contact the Division of Human Resources at 520-621-3660 or hrrsolutions@arizona.edu so we can ensure that your phone number is connected to your account.

UnitedHealthcare DHMO is not available in the following states: Alaska, Alabama, Arkansas, Delaware, Hawaii, Idaho, Iowa, Louisiana, Maine, Mississippi, Montana, Nebraska, New Hampshire, North Dakota, Oklahoma, Rhode Island, South Dakota, Vermont, West Virginia and Wyoming. It is also unavailable in Guam, Puerto Rico and the US Virgin Islands.

Delta Dental PPO Plus Premier—Indemnity/PPO Plan

You may see a licensed dentist inside or outside the United States. However, the benefits may be greater if you visit a dentist in the Delta Dental network.

- There is no deductible for diagnostic and routine services.
- Deductibles (\$50/person and \$150/family) apply for other services.
- There is a maximum benefit of \$2,000 per person per plan year. Preventive and diagnostic services are covered at 100% and do not apply toward the annual maximum.
- There is a lifetime orthodontia benefit of \$1,500, and your remaining costs may be lower with a Delta Dental network provider.

Find participating [Delta Dental providers](#) online.

External Bleaching	\$30–\$240	Not covered

* Routine visits and exams are covered only two times per year at 100%.

** Percentages indicate the percentage of cost you pay.

Vision Insurance

The Arizona Department of Administration (ADOA) options are available to any employee not enrolling a domestic partner. Vision plans are 100% employee paid.

If you are enrolling a domestic partner or their children, please see the University Alternative Vision Plan for Employees with Domestic Partners.

ADOA Benefits Options Vision Plan

ADOA Benefit Options offers a fully insured vision plan (Advantage Program) through [Avesis](#).

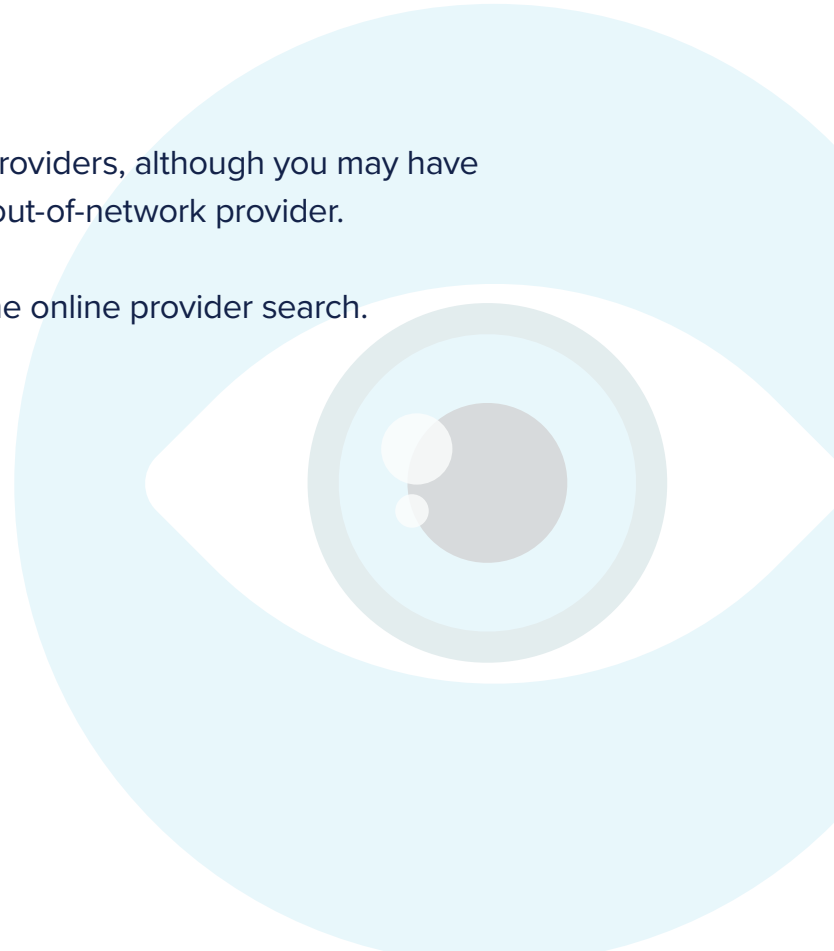

Avesis Advantage Program

This insurance plan provides annual coverage for:

- a vision exam
- an annual allowance for glasses or contact lenses
- a one-time \$750 allowance toward LASIK

You may see in-network or out-of-network providers, although you may have higher out-of-pocket costs when seeing an out-of-network provider.

To find participating Avesis providers, visit the online provider search. [ADOA Vision Insurance page](#).

ADOA VISION PLAN RATES		
Avesis	Employee Premium (per paycheck)	Employer Premium
Employee Only	\$1.90	\$0
Employee + Adult	\$6.32	
Employee + Child	\$6.23	
Family	\$7.85	

VISION COVERAGE CHART (For both ADOA and University Alternative Plans)	
Service	Co-pay
Basic Eye Exam	\$10
Single Vision or Bifocal Lenses	Paid in Full (coatings are extra)
Progressive Lenses	20% off retail minus \$50 allowance
Frames	up to \$150 allowance \$25 discount at Target Optical
Contact Lenses	\$150 allowance + 10-20% discount
Vision Training	Not Covered

Costs shown are in Avesis Network; each benefit is payable once every 12 months.
You must choose either contact lenses or frame benefit, not both.

Flexible Spending Accounts

The Arizona University System offers employees two flexible spending accounts (FSAs) through a third-party administrator of employee benefit programs, ASIFlex:

- Healthcare
- Dependent Care

The money you deposit into the account is deducted before taxes are calculated. Thus, you pay less tax and have pre-tax funds for healthcare or dependent care expenses.

You specify the annual dollar amount of your earnings deposited into one or both FSAs. The amount you elect is deducted in equal payments across all available pay periods in the calendar year. For more information, visit the [Flexible Spending Accounts page](#).

ANNUAL ROLLOVER

Each plan year runs from January 1 to December 31.

Roll over up to \$640 in unused healthcare funds annually. You forfeit any unused funds over \$640.

Dependent care FSA funds do not roll over annually, but a grace period allows you to use contributions made in any given year for expenses incurred through March 15 of the following year.

SET ASIDE INCOME

SPEND FSA MONEY ON

Contact lenses

Nannies

Band-Aids

Adult and Elder Care

Blood pressure monitor

Laser eye surgery

Dental crowns and dentures

Diabetic supplies

Prescriptions

Reading glasses

UVA & UVB Sunscreen

Feminine care products

Durable medical equipment

Healthcare FSA

You may contribute up to \$3,200 annually to a healthcare FSA.

These funds can pay for:

- copays
- deductibles
- eligible medical, dental and vision expenses not covered by health plans
- many over-the-counter drugs
- prescription drugs
- menstrual products
- illness-related transportation expenses for you and your eligible dependents
- PPE (e.g., masks, hand sanitizer)

Employees enrolled in the HDHP plan are not eligible to contribute to a healthcare FSA. However, they can enroll in a limited healthcare FSA and use the funds for qualifying dental or vision expenses only.

[ASI Tax Savings Estimator Eligible Expenses](#)

[FSA Infographic Flyer](#)

Debit Card

With the healthcare FSA, you can sign up for an FSA debit card to pay for eligible expenses incurred at doctors' offices, certain grocery stores and pharmacies. (The debit card is not available with the dependent care FSA.)

The debit card eliminates the need to submit claims to ASI for most copays and over-the-counter purchases. Depending on the expense, ASI may request follow-up documentation, so keep your documentation.

ASI mails a debit card application to your home address and your FSA enrollment confirmation approximately two weeks after ASI has received your application. Debit card will only be issued at an employee's request.

Dependent Care FSA

You can use a dependent care FSA for out-of-pocket child-care expenses for children under age 13. The annual limit for a dependent care FSA is \$5,000 per household (\$2,500 for married, filing separately).

You can also use the account for out-of-pocket elder-care expenses if an elder is your dependent, lives with you at least eight hours daily, meets federal income guidelines, and requires assistance with daily self-care. **The dependent care FSA cannot be used for your dependent's medical expenses.**

The [ASI website](#) lists eligible dependent care expenses.

Filing FSA Claims

Submit claims directly to ASI with supporting documentation electronically or by fax or mail. Visit ASI's website for more information on [claim filing requirements](#).

Reimbursement

You can elect to receive your reimbursement by check or direct deposit. To sign up for a direct deposit and paperless notification, set it up through your ASIFlex online account or complete the [Direct Deposit form](#). The deadline to submit expenses incurred during the plan year for reimbursement is April 30 of the following year.

International Healthcare Coverage

Medical Coverage

The ADOA medical plans (TCP and HDHP), plus the University Alternative Plans for Employees with Domestic Partners, cover only emergency care for participants traveling internationally. Prescriptions are not a covered benefit when traveling internationally.

[University Risk Management Services](#) and [Arizona International](#) can advise employees and their families who plan to live or travel outside the United States and wish to purchase short-term international medical insurance.

Dental and Vision Coverage

Delta Dental covers dental services as out-of-network. UnitedHealthcare DHMO only covers emergency treatment. Avesis covers vision services as out-of-network. For more detailed coverage information, please see the plan documents for the [ADOA plans](#) or [University Alternative Plans](#).

State of Arizona International Insurance Coverage

The State of Arizona provides international insurance to university employees who travel as part of their employment but not to family members who accompany them. This insurance includes liability insurance, emergency medical care, care for work-related injuries and medical evacuation/repatriation services.

Routine medical care and treatment for chronic conditions are not covered. For information about what is and is not covered, see the [Risk Management International Travel Insurance webpage](#).

University Alternative Medical Plan

The university administers the University Alternative Plan, only available if you enroll a domestic partner as a dependent. You may enroll in UAccess but must verify eligibility by submitting a [Qualified Domestic Partner Affidavit](#) to Human Resources.

The University Alternative Medical Plan is a Health Maintenance Organization (HMO) with [UnitedHealthcare](#). With this plan, you must obtain services from an in-network provider. Select "UnitedHealthcare Choice Plus" to find an In-network Provider. Out-of-network services are typically not covered except in emergencies. The annual deductible is \$400, after which services require a copay. The out-of-pocket maximum is \$14,700.

The employee portion of the premium cost is the same as that of the ADOA Triple Choice Plan.

You may be taxed on the cost of benefits for your domestic partner and the partner's dependents. Refer to the Imputed Income section on page 37 for more information.

PREMIUMS: UNIVERSITY ALTERNATIVE MEDICAL PLAN

Imputed Income

Dependents you cannot claim on your federal income tax return are “non-tax-qualified dependents.”

The IRS considers the university’s contribution toward insurance coverage for a non-tax-qualified dependent (such as a domestic partner or the child of a domestic partner) as your imputed income. Imputed income increases your taxable gross income and is subject to federal and state income taxes and FICA (Social Security and Medicare) taxes.

To determine if your domestic partner or your domestic partner’s children qualify as your tax dependents, please refer to [IRS Notice 2008-5](#). “Qualifying Relative for Purposes of Section 152(d)(1).”

The portion of the premium you pay through payroll deduction for yourself and the dependents you can claim on your federal income tax return is taken from your paycheck on a pre-tax basis.

However, the portion of the premium you pay through payroll deduction for dependents you cannot claim on your federal income tax return is taken from your paycheck on a post-tax basis.

Imputed income is reported on your annual W-2 Form and is not included in the amount used to calculate your income tax withholding rate. Learn more in the [Imputed Income flyer](#).

Employee Plus Domestic Partner Coverage Example

If you enroll in Employee + Adult coverage for yourself and your non-tax-qualified domestic partner, you have to pay taxes on the difference between the university’s contributions for the Employee + Adult coverage tier on the Alternative Plan and what Employee-only coverage would cost on that plan.

Monthly employer contribution for Employee + Adult tier	\$1,453.94
Monthly employer contribution for Employee-Only Tier	-\$709.39
Difference	\$744.55 per month (Employer contribution for domestic partner)

Based on this calculation, your imputed income (additional taxable income) = $\$744.55 \times 12 = \$8,934.60$ per year.

Life Insurance

Employer-Paid Basic Life and Accidental Death and Dismemberment Insurance

Benefits-eligible employees are automatically covered for \$15,000 of basic term life insurance and \$15,000 of Accidental Death and Dismemberment (AD&D) coverage. This free coverage is provided by Securian and administered by ADOA.

Securian offers various supplemental services with the basic life insurance coverage:

TRAVEL ASSISTANCE

Coverage is provided through Securian by RedpointWTP and is available whenever you travel 100 or more miles from home. The program offers pre-trip assistance, medical assistance (including return of dependent children if hospitalized) and emergency personal services. Some services are only available to U.S. citizens.

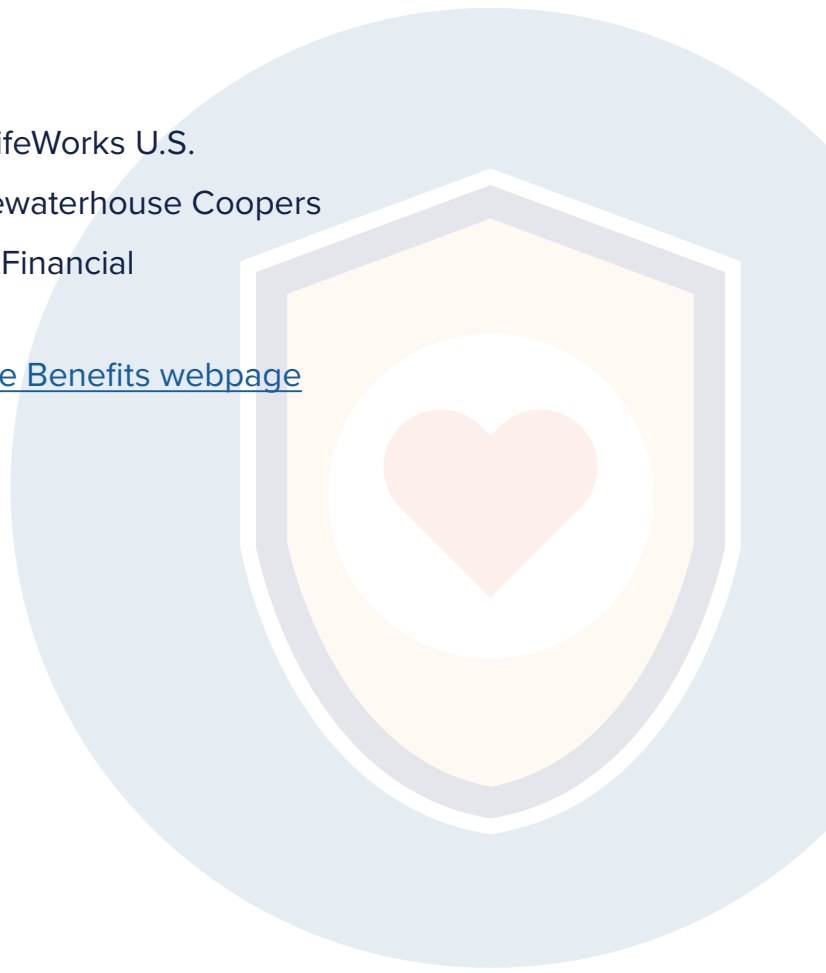

For questions, visit the [Securian Travel Assistance Services webpage](#) or call 855-516-5433.

LIFESTYLE BENEFITS

- Legal, financial and grief resources from LifeWorks U.S.
- Beneficiary financial counseling from Pricewaterhouse Coopers
- Legacy planning resources from Securian Financial

Visit the [ADOA Automatic Access to Lifestyle Benefits webpage](#) for more details.

Supplemental Life and AD&D Insurance

You may elect guaranteed-issue supplemental term life insurance through Securian (ADOA-sponsored) or The Hartford (university-sponsored). Please consult the [Supplemental Life Insurance webpage](#) to compare plans. Both options have portability and conversion options, and The Hartford has a retiree continuation option.

You pay all premiums for the life insurance coverage that you elect. Premiums for supplemental life coverage up to \$35,000 are collected as a pre-tax paycheck deduction. Amounts beyond that are deducted post-tax. You can use the [Benefits Calculators](#) on the Human Resources website to calculate the premium cost.

During your initial new hire/eligibility enrollment or following a qualifying life event (QLE), you may elect to change your coverage or during open enrollment (October – November, annually), with annual increases limited to:

- The Hartford: 1x the amount of your salary
- Securian: \$20,000

Coverage levels automatically adjust for changes in salary, and rates automatically adjust with age.

Enroll your spouse/domestic partner and dependents:

- The Hartford: \$5,000 for spouse/domestic partner and each child
- Securian: \$2,000 to \$50,000 for spouse and each child; no coverage for domestic partners

For More Information

Official Coverage Documents:
[The Hartford](#) | [Securian](#)

For basic and supplemental life insurance, benefits are paid to the beneficiary or beneficiaries you designate. You can confirm, update or add beneficiaries at any time, but especially when you have a qualifying life event such as marriage, birth, divorce or death.

You may change your beneficiary designations in [UAccess](#) at any time. Go to “University Benefits” > “Your Dependents/Beneficiaries” tab and update as needed.

Disability Insurance

Long-Term Disability Plans

Long-term disability (LTD) insurance is a form of income protection that provides you with a portion of your salary in the event of a disabling illness or injury. If you become disabled, you have a six-month waiting period before qualifying for LTD benefits.

Enrollment in LTD is automatic and mandatory as part of your retirement plan and is paid for by the university. Your provider depends upon the retirement plan you are participating in at the onset of disability. Coverage begins the day your retirement plan becomes effective.

Before long-term disability benefits begin, you must be continuously disabled for six consecutive months. Generally, the monthly benefit is 66.67% of your basic monthly earnings. Employees enrolled in the ORP have a maximum benefit of \$10,000 per month. For ASRS members, the monthly benefit shall not exceed two-thirds of a member's monthly compensation.

Long-term disability benefits can be paid until age 65 or until you can return to work, as determined by the vendor and medical documentation.

Short-Term Disability Plans

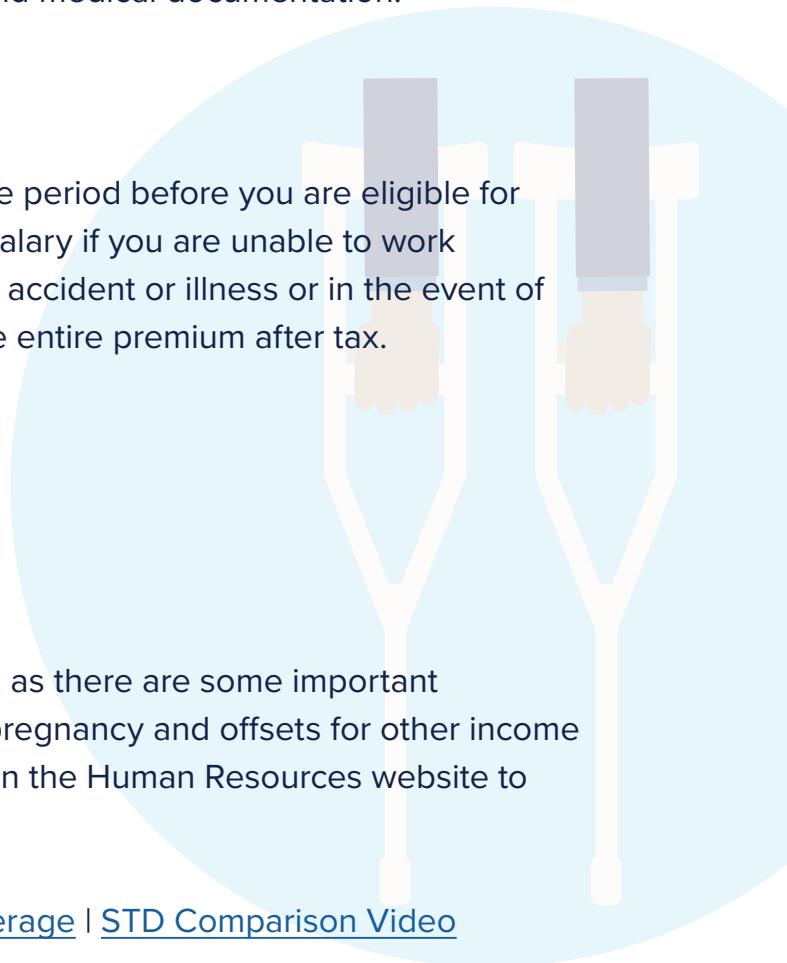

Short-term disability (STD) insurance covers the period before you are eligible for LTD benefits. STD pays a percentage of your salary if you are unable to work for up to six months due to a non-work-related accident or illness or in the event of a pregnancy. STD is voluntary, and you pay the entire premium after tax.

You may only elect one of these two options:

- The university offers STD through Unum.
- ADOA offers STD through MetLife.

Be sure to compare the plan features carefully, as there are some important differences in benefits, particularly regarding pregnancy and offsets for other income sources. You can use the [Benefits Calculator](#) on the Human Resources website to calculate the premium cost.

For more information [Unum Certificate of Coverage](#) | [STD Comparison Video](#)

The university retains 3% of the UNUM premium to cover administrative costs.

How Benefits and Other Deductions Affect Your Paycheck

Your insurance premiums, retirement contributions, parking permit costs and certain other expenses are automatically deducted from your paycheck.

Pre-tax and Post-Tax Benefits Deductions

Pre-tax deductions are taken from your gross pay before taxes are calculated, reducing your taxable income. Post-tax deductions are taken after taxes are determined. Your paycheck details will list pre- and post-tax deductions separately.

PRE-TAX AND POST-TAX BENEFITS DEDUCTIONS	
Pre-tax Deductions	Post-tax Deductions
Medical, dental and vision insurance for yourself and your dependents*	Supplemental life insurance premiums over \$35,000 of coverage
Flexible spending account contributions	Life insurance for your dependents
Retirement plan contributions	Long-term disability insurance
Supplemental life insurance premiums up to \$35,000 of coverage	Short-term disability insurance
Parking permit	Auto/home insurance
	Medical, dental and vision insurance for anyone who does not qualify as your tax dependent*
	Roth Supplemental Retirement Contributions

*If you are insuring a domestic partner or a child(ren) of a domestic partner, they may not qualify as dependents for tax purposes. To determine who qualifies as your tax dependent(s), please refer to IRS Publication 501. For more information, consult a tax professional.

Premium Deductions for Nine-Month Employees Paid Over the Academic Year

Suppose you are paid over the nine-month academic year and do not receive paychecks during the summer. In that case, insurance premiums for your summer coverage are pre-collected during the spring semester. The pre-collected amounts are evenly distributed throughout most of the pay periods in the spring semester.

[Insurance Premiums for Employees Paid Over Nine Months](#)

If you are hired during the spring semester, all missed pre-collected premiums will be collected in a lump sum from your first available paycheck after your benefit elections are effective.

Qualified Tuition Reduction

Qualified Tuition Reduction (QTR) and the Educational Assistance Program (EAP) allow full-benefits-eligible employees and official retirees of the three state universities, along with their qualifying dependents, to take credit-bearing courses at reduced tuition costs. Although QTR covers undergraduate-level courses and EAP covers graduate-level courses, these benefits are generally referred to under the QTR umbrella term.

ABOR offers QTR benefits and is reciprocal among the University of Arizona, Arizona State University, Northern Arizona University and UAGC. You and your dependents can use the benefit for in-person or online courses at any of the three universities. Learn more on the [Educational Benefits webpage](#).

Eligibility

Employees must be in active status on the first official start date of the semester in which they wish to apply for QTR/EAP benefits, regardless of the date any specific class begins. For all summer sessions, employees must be active on the first day of the summer pre-session.

Employees employed at .5 FTE or greater (20 hours per week) for six months or longer, along with university retirees with Official Retirement Status and some former employees on LTD, may use QTR. Some university affiliates may also receive QTR. Employees laid off may be eligible for QTR for up to one year. Find information about qualifying affiliates on the [Approved Affiliate Institutions page](#).

QTR benefits also extend to spouses and dependent children of employees, retirees, certain former employees on LTD and some affiliates. A deceased university employee's surviving spouse and dependent children may also be eligible. Please contact Human Resources to see if you qualify.

A dependent child is defined as a biological, step, adopted or foster child younger than age 30 who is claimed as a tax dependent as either a qualifying child or a relative under IRS regulations. **IRS regulations prohibit children aged 24 or older from receiving tuition reductions in any calendar year in which they make more than \$5,050.** If your child earns more than that amount, the tuition reduction must be retroactively removed. The university is required to conduct random audits to ensure dependent eligibility.

Domestic Partner Tuition Program

The University Domestic Partner Tuition Program (DPTP) allows domestic partners and their children to receive tuition reductions on the same terms as QTR. DPTP can only be used at the University of Arizona. Eligibility requires a [Qualified Domestic Partner Affidavit](#).

Tuition Reduction Rates

Employee & Spouse/Domestic Partner: You and your spouse/partner may register for up to nine credits in the fall and spring semesters for \$25.00 per semester. During summer and winter sessions, you may register for up to six credits at that rate. Additional credits above these cutoffs are billed at the regular in-state tuition rate. Domestic partners receive the same reduction in university tuition under the DPTP.

Dependent Children: Your dependent children pay 25% of the resident tuition rate at whichever state university they attend. Your domestic partner’s dependent children may attend the University of Arizona at this reduced rate. QTR/DPTP only applies to tuition and not to any laboratory or course fees.

TAXATION OF THE QTR BENEFIT	
Undergraduate Tuition	Taxation
Employee or Retiree*	The amount of the QTR benefit is not taxable.
Spouse or dependent child	The amount of the QTR benefit is not taxable.
Domestic partner/dependent child of domestic partner	The DPTP benefit amount will be awarded on the student’s Form 1098-T as if they received a scholarship. The benefit is not taxed through payroll and does not come out of your paycheck.
U of A affiliate	The affiliate’s employer will tax QTR, and the benefit will be included in W-2 wages.
Graduate Tuition	Taxation
Employee or Retiree*	The first \$5,250 of the QTR benefit is exempt from taxation. Any amount over \$5,250 per calendar year is taxed through payroll and comes out of your paycheck.
Spouse or dependent child	The full amount of the QTR benefit is taxed through Payroll Services and comes out of your paycheck.
Domestic partner/dependent child of domestic partner	The DPTP benefit amount will be awarded on the student’s Form 1098-T as if they received a scholarship. The amount of the DPTP benefit is not taxed through payroll and does not come out of your paycheck.
U of A affiliate	The affiliate’s employer will tax QTR, and the benefit will be included in W-2 wages.

Paid Time Off

Employees employed at .5 FTE or greater (20 hours per week) for at least six months are eligible for the following paid leave. To view your accrued paid time off, go to [UAccess Employee](#); either view your paycheck stub under the “Payroll & Compensation” tile or select the “Time” tile and open the “Leave/Comp Time” tile. Vacation and sick leave accruals begin at the date of hire.

Paid Vacation

- **Staff and academic professionals** earn annual paid vacation leave on a prorated basis according to their work schedule. Full-time eligible employees on fiscal-year appointments accrue 22 workdays per year. Employees on nine-month schedules receive prorated vacation leave during the months they are at work.
- **Faculty** on academic-year appointments do not accrue paid vacation leave, while those on fiscal-year appointments accrue 22 days per year.
- **Postdoctoral scholars** earn ten days of vacation in the first year and 15 days of vacation beginning in the second year.

To learn more, visit the [paid time off webpage](#).

Vacation Carryforward

All employees, except postdoctoral scholars, may carry 320 vacation hours (prorated by FTE) to the following year. Postdoctoral scholars may carry over 1.5 times the vacation earned in one year.

Employees, except for postdoctoral scholars, who leave university employment or transition from a benefits-eligible to a non-benefits-eligible position receive a lump sum payout for their vacation balance up to the amount earned in one year.

Postdoctoral scholars do not receive a payout upon termination.

Paid Sick Leave

Employees at 1.0 FTE earn eight hours of sick time each month (12 days per year). This accrual is prorated for employees working less than full-time. Employees who work less than 12 months accrue sick time only during the months they are working.

Sick time may be used for an illness, injury, or healthcare-related appointment for the employee, the employee's immediate family, or an established member of the employee's household.

Sick time is not paid out upon termination of employment. However, the State of Arizona offers a Retiree Accumulated Sick Leave (RASL) payout to individuals who retire with at least 500 hours of accrued sick time. Information on RASL can be found on the [Retiree Accumulated Sick Leave webpage](#).

To learn more, visit the [Paid Sick Time webpage](#).

Paid Parental Leave

The university offers up to 12 weeks of paid parental leave and 12 weeks of unpaid parental leave following the birth, adoption, surrogacy, foster placement or guardianship placement of a child. It can also be used following a stillbirth. Two weeks of paid parental leave is available following a miscarriage. The leave may be taken any time during the 12 months following the miscarriage.

Parental leave is available to parents who:

- Are full benefits-eligible
- Have been employed by the university for at least 12 continuous months immediately before the commencement of the requested leave. (For employees on nine-month academic year schedules, the summer months between academic years apply toward the 12 months of continuous employment.)

Parental leave is designed to run concurrently with Family and Medical Leave (FML).

It is not intended to extend the 12-week FML period. When both parents are university employees who meet eligibility guidelines, each is entitled to 12 weeks of paid parental leave and 12 weeks of unpaid parental leave. Learn more on the [Parental Leave webpage](#).

If you accept paid parental leave, you agree to return to work for at least 30 days after your approved leave. If you do not return to work, you must reimburse the university for the salary and benefits you received during parental leave. This reimbursement requirement can be excused if related to your or your child's serious health condition.

Bereavement Leave

Employees can take three paid workdays off for a death in the family. If the employee is arranging for or attending funeral services out of state, five days may be taken. Sick time may be used to extend the leave or for a relative who does not qualify under the definition of family. To learn more, visit the [Bereavement webpage](#).

Jury Duty Leave

Employees can receive paid time off if they serve as a jury member or material witness (except as a plaintiff or defendant). If you accept jury duty leave, you must remit any payment from the court to the university. To learn more, visit the [Jury Duty webpage](#).

Volunteer Services

The university provides eligible employees with up to eight hours of paid time off each calendar year for volunteer activities that meet certain qualifying conditions. To learn more, visit the [Volunteer Services webpage](#).

Holidays

The university observes ten paid holidays a year. The holiday calendar is posted on the [Holidays webpage](#).

University Closure

Employees receive holiday pay and university closure pay during this time.

Based on critical needs, some departments may stay open, or certain employees within a department may need to remain at work. Employees required to work during closure receive a corresponding number of paid days to use before the end of the fiscal year.

To learn more, visit the [University Closure webpage](#).

Health & Wellness Support

Life & Work Connections supports the unique needs of our diverse workforce so that employees can be effective and engaged at work and home. By helping our employees' total well-being, we strengthen our ability to succeed as an institution and community.

Services, Programs, and Resources

- **Preventative Health** – includes worksite health screenings, flu shots, presentations, workshops and initiatives designed to help employees create a better, healthier future.
- **Mental & Emotional Health** – includes counseling for employees and all members of their household, suicide prevention training, mental health tools and workshops on stress management and self-care.

- **Financial, Legal & Home** – includes webinars, resources and referrals on such topics as financial planning and retirement, student loan forgiveness, legal guidance and relocation assistance.
- **Childcare & Parenting** – includes workshops and consultations on parenting, childcare and lactation spaces. Also includes programs for financial reimbursements for childcare (up to \$2,000 annually) and subsidies for back-up care for children.
- **Adult & Elder Care** – includes consultations, information, referral services for employees who are or anticipate caring for an adult or elder and subsidies for back-up care for adults and elders.
