Employee Vaccine Verification

Three ways to show that you are fully vaccinated

1. *NEW* You can show proof of vaccination in person at the Student Union Memorial Center (Tucson room, third level). Bring your vaccine documentation and a photo ID. No appointment required.
   Monday-Friday
   7:30 a.m.-3 p.m.
   (closed 12-12:45 p.m.)

2. *NEW* If you were vaccinated in Arizona, your vaccination can be verified through the Arizona State Immunization Information System without uploading your vaccine document.

3. You can upload your vaccine documentation to the University's HIPAA-compliant system, which has the strongest security and monitoring efforts in place.

Once you complete one of these options, a confirmation email will be sent to your official University email address notifying you that the vaccination verification was successful or that additional action is required.
